Section V -Eligible Countries

Eligibility for the Provision of Goods, Works and Non Consulting Services in Bank-Financed Procurement

In reference to ITB 4.8 and ITB 5.1, for the information of the Bidders, at the present time firms, goods and services from the following countries are excluded from this Bidding process:

Under ITB 4.8(a) and ITB 5.1: “*none*”.

Under ITB 4.8(b) and ITB 5.1: “*none*”

Section VI -Fraud and Corruption

(Section VI shall not be modified)

1. Purpose

1.1 The Bank's Anti-Corruption Guidelines and this annex apply with respect to procurement under Bank Investment Project Financing operations.

2. Requirements

2.1 The Bank requires that Borrowers (including beneficiaries of Bank financing); bidders (applicants/proposers), consultants, contractors and suppliers; any sub-contractors, sub-consultants, service providers or suppliers; any agents (whether declared or not); and any of their personnel, observe the highest standard of ethics during the procurement process, selection and contract execution of Bank-financed contracts, and refrain from Fraud and Corruption.

2.2 To this end, the Bank:

- a. Defines, for the purposes of this provision, the terms set forth below as follows:
 - i. "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;
 - ii. "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation;
 - iii. "collusive practice" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
 - iv. "coercive practice" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
 - v. "obstructive practice" is:
 - (a) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or
 - (b) acts intended to materially impede the exercise of the Bank's inspection and audit rights provided for under paragraph 2.2 e. below.

- b. Rejects a proposal for award if the Bank determines that the firm or individual recommended for award, any of its personnel, or its agents, or its sub-consultants, sub-contractors, service providers, suppliers and/ or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;
- c. In addition to the legal remedies set out in the relevant Legal Agreement, may take other appropriate actions, including declaring misprocurement, if the Bank determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the loan engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the procurement process, selection and/or execution of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner at the time they knew of the practices;
- d. Pursuant to the Bank's Anti- Corruption Guidelines, and in accordance with the Bank's prevailing sanctions policies and procedures, may sanction a firm or individual, either indefinitely or for a stated period of time, including by publicly declaring such firm or individual ineligible (i) to be awarded or otherwise benefit from a Bank-financed contract, financially or in any other manner;¹ (ii) to be a nominated² sub-contractor, consultant, manufacturer or supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract; and (iii) to receive the proceeds of any loan made by the Bank or otherwise to participate further in the preparation or implementation of any Bank-financed project;
- e. Requires that a clause be included in bidding/request for proposals documents and in contracts financed by a Bank loan, requiring (i) bidders (applicants/proposers), consultants, contractors, and suppliers, and their sub-contractors, sub-consultants, service providers, suppliers, agents personnel, permit the Bank to inspect³ all accounts, records and other documents relating to the procurement process, selection and/or contract execution, and to have them audited by auditors appointed by the Bank.

¹ For the avoidance of doubt, a sanctioned party's ineligibility to be awarded a contract shall include, without limitation, (i) applying for pre-qualification, expressing interest in a consultancy, and bidding, either directly or as a nominated sub-contractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider, in respect of such contract, and (ii) entering into an addendum or amendment introducing a material modification to any existing contract.

² A nominated sub-contractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider (different names are used depending on the particular bidding document) is one which has been: (i) included by the bidder in its pre-qualification application or bid because it brings specific and critical experience and know-how that allow the bidder to meet the qualification requirements for the particular bid; or (ii) appointed by the Borrower.

³ Inspections in this context usually are investigative (i.e., forensic) in nature. They involve fact-finding activities undertaken by the Bank or persons appointed by the Bank to address specific matters related to investigations/audits, such as evaluating the veracity of an allegation of possible Fraud and Corruption, through the appropriate mechanisms. Such activity includes but is not limited to: accessing and examining a firm's or individual's financial records and information, and making copies thereof as relevant; accessing and examining any other documents, data and information (whether in hard copy or electronic format) deemed relevant for the investigation/audit, and making copies thereof as relevant; interviewing staff and other relevant individuals; performing physical inspections and site visits; and obtaining third party verification of information.

1 General

The hereby specifications evidence that the following specification correspond to the technical requirement according to section VII, item 3.

1.1 Drawings

The layout of the modules corresponds to the requirement according to section VII, item 4.

2 Design data

As per indicate in the drawings attached, Covid-19 modular centres will be composed of Modular Unit, with size of mm 6000x2400x2600 H once assembled, and supplied in assembled condition.

2.1 Materials

Structural steel S235 EN10025

2.2 Heat transmission coefficient

Wall	K=0.38 Watt/m ² K
Roof	K=0.38Watt/m ² K

2.3 Load and overload

Roof load capacity	kg/sq. m 195
Floor load capacity	kg/sq. m 200

A	29.10.2020	1st Emission for Quotation	D.Panov	D.Panov/A.Naumov	A.Naumov
Rev.	Date	Description	Writed by	Checked by	Approved by

2.4 Dimensions

assembled container:

External base	mm. 6000x2400
External roof	mm. 6000x2400
External height	mm. 2600
Internal height	mm. 2330

3 Containers description

The proposed containers are **Series BR6024** type, made with metal frame, panels with 60 mm thickness and cements table on flour and will be delivered assembled.

3.1 Base

The base is composed according the technical requirement according to section VII, item 3. The construction is made of 3 mm thickness steel profiles to be welded to the four corner blocks, constructed of a thick metal sheet. Cold profiled cross bars are foreseen to support the walkway base placed at modular distance between centres and welded to the longitudinal profiles. The floor surface consists of cement table with 10 mm thick, thermal isolations with 100 mm thick, cement table with 20 mm thick and OSB boards. On the top surface the floor is covered* with homogeneous Vinyl PVC with min 2 mm thick and according to the request.

A	29.10.2020	1st Emission for Quotation	D.Panov	D.Panov/A.Naumov	A.Naumov
Rev.	Date	Description	Written by	Checked by	Approved by

3.2 Roof

The roof structure of the modules will be supplied completely pre-assembled i.e. built-up, insulated and watertight. The insulation will consist of PUR panels with 60mm thick which save heat, sound isolation included, covered with exterior and interior facade. Interior depth of plasticized stake, minimum 0.4 mm, exterior minimum 0.4 mm.

The drainage from the roof will be by means of heavy-duty PVC pipes 50 mm diameter, running through the inside of the four corner pillars/columns/posts.

A	29.10.2020	1st Emission for Quotation	D.Panov	D.Panov/A.Naumov	A.Naumov
Rev.	Date	Description	Writed by	Checked by	Approved by

3.3 Secondary roof and frame painting

Secondary roof and frame steel construction according static analyses. The construction will be painted according to the requirement in to section VII, item 3.

A	29.10.2020	1st Emission for Quotation	D.Panov	D.Panov/A.Naumov	A.Naumov
Rev.	Date	Description	Writed by	Checked by	Approved by

3.4 Walls

The walls shall be made of PUR panels with 60 mm thick which save heat, sound isolation included, covered with exterior and interior facade. Interior depth of plasticized stake, minimum 0.4 mm, exterior minimum 0.4 mm.

3.5 Doors and Windows

The modules will be provided, quantity as per attached drawings made with PVC profile. Dimensions and positions of doors and windows will be according requirement in section VII, item 3

3.6 Electrical System

It will be realized an electrical system and ground system to meet the needs of electrical power, lighting, heating and conditioning of the prefabricated buildings according to section VII, item 3..

3.7 Air Condition

Each basic type of room will have air condition inverter system minimum 3.5 kw. Positions and number of air conditioners is according to section VII, item 3.

3.8 Transportation

Two assembled containers per track.

3.9 Marking

Sticker on each container.

4 Covid-19 model centres Equipment

4.1 Hot water

Hot water generation will be supplied water heater located into the Covid-19 model centers according to section VII, item 3.

4.2 Internal bathroom (according to request)

The internal bathroom will be separated from the Accommodation sector by means of a partition wall made of panels with the same characteristics of the external walls with 60mm thickness. The partition wall will be fixed to the external walls.

The bathroom will be provided with: a door, dimensions 900x2100mm according to the request.

Internal bathroom will have all equipment according to the requirement in section VII, item 3.. (type 10 and type 4).

УСЛУЖИВАЊЕ

5. Inspections and Tests

The following inspections and tests shall be performed:

- Final inspections and acceptance of the delivered goods will be carried out to the final destinations (project locations). The Purchaser shall, with the full cooperation and assistance of the Supplier conduct a formal acceptance of the Goods to verify their compliance with the terms of the Contract.
- If the products do not meet the requirements of the technical specification within fifteen (15) days of acceptance by the Purchaser, they shall request replacement.
- Acceptance notice is issued when the goods have met the requirements of the technical specifications of the Purchaser's offer
- The product warranty period will formally commence on the date of issue of the Letter of Acceptance.

6. Environmental category of the Project

In order to address the environmental and occupational safety aspects that will arise from the implementation of the project “North Macedonia Emergency COVID-19 Response Project P173916” the Environmental and Social Management Framework (ESMF) was prepared in accordance with the requirements of the World Bank. In addition to the requirements of the WB Environmental and Social Standards, the requirements of the WHO (for use of the necessary PPE and adequate medical waste management) are also included within the ESMF. **The ESMF document could be found on the Ministry of Labor and Social Policy web site: <http://mtsp.gov.mk/erep.nsp.x>.**

The main environmental and social risks from the Project are: the occupational health and safety issues related to testing and handling of supplies; medical waste management and community health and safety issues related to the handling, transportation and disposal of healthcare wastes and other generated types of waste during the all project’s phases; medium scale construction impacts (due to short term construction works in area located in hospital borders where will be installed mobile COVID 19 hospitals) related to air, water, noise emissions and waste generation (different types of hazardous and non - hazardous waste), traffic safety, OH&S and community health and safety.

Non-segregation of wastes, treatment, and uncontrolled medical waste disposal should contaminate soil and groundwater from leachates, surface runoff and transmission of infectious diseases. Appropriate mitigation measures should be implemented during all project phases, especially during the operational and decommissioning phase of the mobile COVID 19 hospitals.

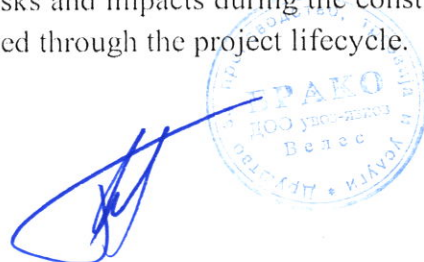

According the assessment of ES risk, both the Environmental and Social risks are categorized as Substantial. It requires appropriate precautionary measures to be planned and implemented.

Within one of the components of the Project, the limited short term civil works will be implemented trough posting the mobile prefabricated containers – mobile hospitals. There is no substantial environmental and social risks envisaged due to the type of activities (there is a need only for posting concrete platform and connection to water, energy and other gases utilities), time frame for implementation (they are short term activities), location of the mobile hospitals (within the borders of existing ones HCFs). **The main risks will be occupational H&S, and general construction risks and that is why the general ESMP Checklist with general civil work measures and COVID 19 precautionary measures are defined.**

For each of the mobile COVID 19 hospitals, the Ministry of Labor and Social Policy prepared site specific ESMP Checklist that will be attached as integral part of the signed contract and as analogue with all technical and commercial conditions which should be signed by the contracting parties.

Purpose of the ESMP Checklist

Taking into account the Environmental and Social category of the Project, the The Borrower developed site-specific 17 Environmental and Social Management Plan (ESMP) Checklists, setting out how the environmental and social risks and impacts during the construction of the 17 mobile COVID - 19 hospitals will be managed through the project lifecycle.

ESMP checklist will be used for the projects for construction of the mobile COVID 19 hospitals in compliance with the World Bank safeguard requirements. The ESMP checklist consists of three phases:

- 1) General identification and scoping phase, in which the construction of the mobile COVID 19 hospital works that need to be carried out. At this stage according to the carried out works the potential negative/adverse impacts can be identified. The ESMP checklist has 3 parts: Part 1 – Information on Institutional and Administrative framework for the Project, Part 2 – Environmental and Social Screening and Part 3- Monitoring Plan. The second part of the ESMP Checklist contains all of the typical activities and their relation with the typical environmental issues and appropriate mitigation measures. Considering the current situation with COVID 19, in addition to the measures for safety and protection at work, the OH& S plan shall also include measures for prevention of COVID 19. The COVID 19 prevention measures contains recommendations from the World Bank / WHO, as well as recommendations from the Macedonian Occupational Safety and Health Association (MOSHA) in the form of a Guide that the Contractor of the construction works needs to implement. The Contractor is required to follow/update and implement the measures that are currently in force and adopted by the Government as binding at national level. Official site for information related to COVID 19 on national level is www.koronavirus.gov.mk.
- 2) The second phase contains the project specifications and the bill of quantities for the construction of the mobile hospital works and other services related to the subproject.
- 3) During the implementation phase the Contractor implements ESMP Checklists mitigation and monitoring, while environmental compliance (with ESMP Checklist and environmental and health and safety (H&S) regulation) and other qualitative criteria are implemented on the respective site and application checked/supervised by the site supervisor, which include the site supervisory engineer or supervisor of the project.

During the construction of the mobile hospital the mitigation and monitoring measures prescribed in the ESMP Checklists are implemented by the Contractor. The compliance of the environmental and qualitative criteria are examined by the supervisor i.e. engineer. The Contractor's environmental compliance is proven through the Monitoring and Mitigation plans provided in tables below.

The site specific ENVIRONMENTAL AND SOCIAL MANAGEMENT PLAN (ESMP) CHECKLIST - North Macedonia Emergency COVID-19 Response Project P173916 for each mobile hospital (17 mobile hospitals) could be found on the website of the Ministry of Labor and Social Policy: <http://mtsp.gov.mk/ercp.nspix>.

**Checklist for the ENVIRONMENTAL AND SOCIAL MANAGEMENT PLAN
(ESMP) CHECKLIST - North Macedonia Emergency COVID-19 Response Project
P173916**

PART 1: ENVIRONMENTAL / SOCIAL SCREENING			
Will the site activity include/involve any of the following potential issues/risks:	Activity	Status	Additional references
	A. General conditions		See Section A
	B. General construction of the mobile COVID 19 hospital activities		
	<ul style="list-style-type: none"> • Site specific vehicular traffic • Increase in dust and noise from construction activities • Generation of waste • Transport of materials and waste 	<input type="checkbox"/> Yes <input type="checkbox"/> No	If "Yes", See Section A, B below
	C. Are the construction of the mobile COVID 19 hospital activities taking place near water bodies such as rivers, lakes, etc.?		
	<ul style="list-style-type: none"> • Increase in sediments loads in water bodies • Changes of water flow • Pollution of water due to temporary waste disposal or spill leakages • Need for cutting the trees in the hospital 	<input type="checkbox"/> Yes <input type="checkbox"/> No	If "Yes", See Section A, B, C below
	D. Vicinity of any historical building/s or areas		
	<ul style="list-style-type: none"> • Risk of damage to known/unknown historical buildings/areas 	<input type="checkbox"/> Yes <input type="checkbox"/> No	If "Yes", See Section A, B, D below
	E. Traffic and Pedestrian Safety		
	<ul style="list-style-type: none"> • Site specific vehicular traffic 	<input type="checkbox"/> Yes <input type="checkbox"/> No	If "Yes", See Section A, B, E below

PART 1: ENVIRONMENTAL / SOCIAL SCREENING		
	<ul style="list-style-type: none"> Site is in a populated area 	
	<p>F. Usage of hazardous or toxic materials and generation of hazardous waste^d</p> <ul style="list-style-type: none"> Removal and disposal of toxic and/or hazardous waste during the renovation activities Storage of machine oils and lubricants 	<p><input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If "Yes", See Section A, B, F below</p>
	<p>G. Replacement/Removal of mercury lights</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If "Yes", See Section A, B, G below</p>
	<p>H. Dismantling of underground installations</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If "Yes", See Section A, B, H below</p>
	<p>I. Does the project have a GRM in place, to which all workers have access, designed to respond quickly and effectively?</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If "Yes", See Section A, B, H below</p>

PART 2: ENVIRONMENTAL/SOCIAL MITIGATION PLAN

	PARAMETER	MITIGATION MEASURES CHECKLIST
A. General Conditions	Community safety and OH&S for workers	<p>Community OH&S measures:</p> <p>(a) The public in the Municipality should be notified of the works through appropriate notification in the media and/or at publicly accessible sites (including the site of the works, municipal information table and municipal website XXXXX);</p> <p>(b) The local construction and environment inspectorates and communities in the Municipality should be notified for the project activities construction of the mobile hospital;</p> <p>(c) All legally required permits have been acquired for the project activities;</p> <p>(d) Preparation of the Traffic Management Plan (XXXXX explanations if it is needed)</p> <p>(e) Preparation and implementation of the Site Management Plan;</p>

	PARAMETER	MITIGATION MEASURES CHECKLIST
		<ul style="list-style-type: none"> • Appropriate installation of signposting of the project site will inform workers of key rules and regulations to follow; • Ensure appropriate marking out and out of the reconstruction site; • Placed warning tapes signaling forbidden entrance of unemployed persons. <p>(f) All work will be carried out in a safe and disciplined manner designed to minimize impacts on workers, patients, health workers, citizens at the project location and environment;</p> <p>OH&S measures for workers:</p> <p>(g) Community and Worker's OH&S measures should be applied (first aid, protective clothes for the workers, appropriate machines and tools);</p> <p>(h) Workers who will be engaged, will comply with international good practice (will always wear hats, masks and safety glasses, harnesses and safety boots);</p> <p>(i) Equipment should be handled only by experienced and trained personnel, thus reducing the risk of accidents;</p> <p>Implementation of the proposed measures for protection from COVID 19 adopted by the Government of the Republic of North Macedonia at the proposal of the Commission for Infectious Diseases and the Ministry of Health;</p> <p>(j) Stay up to date with the newest instructions/recommendations provided by the official authorities</p> <p>(k) Nomination of one person from the Contractor that will responsible for following the measures adopted by the Government and will apply them in the operation of the construction site at the project location.</p> <p>(l) To ensure implementation of all necessary requirements by providing the necessary protection personal equipment for all workers on site according the proposed measures: keeping records on COVID 19 cases, support workers who are in quarantine and regular informing the official institutions if any case occur.</p> <p>(m) Implementation of measures for COVID - 19 for different aspects are given in Error! Reference source not found. that are related with OH&S during COVID – 19 pandemic.</p> <p>Firefighting measures:</p> <p>(n) There is an appointed person on the site responsible for the fire protection;</p> <p>(o) Procedures in the case of fire are well known to all employees;</p>

A handwritten signature in blue ink is written over a circular blue stamp. The stamp contains text in Cyrillic, including 'МАКЕДОНСКА РЕПУБЛИКА' (Republic of North Macedonia) and 'СТРАЖА' (Guard/Security). The signature is a stylized, cursive scribble.

	PARAMETER	MITIGATION MEASURES CHECKLIST
		<p>(p) Constant presence of firefighting devices should be ensured in case of fire or other damage. Their position is communicated to workers and marked. The level of fire-fighting equipment must be assessed and evaluated through a typical risk assessment;</p> <p>(q) The part of the project location that is not under construction should be kept clean.</p>
	Accidents prevention	<p>(a) Construction machinery and equipment should be in proper working condition;</p> <p>(b) At the project location there should be Spill prevention kit which will prevent further extension of the spillage;</p> <p>(c) Firefighting distinguishers should be in proper condition;</p> <p>(d) Work site should be protected by a warning type.</p>
	Labor issues	<p>(a) Identify numbers and types of workers;</p> <p>(b) Consider ways to minimize/control movement in and out of construction area/site;</p> <p>(c) If workers are accommodated on site require them to minimize contact with people outside the construction area/site or prohibit them from leaving the area/site for the duration of their contract;</p> <p>(d) Implement procedures to confirm workers are fit for work before they start work, paying special to workers with underlying health issues or who may be otherwise at risk;</p> <p>(e) Check and record temperatures of workers and other people entering the construction area/site or require self-reporting prior to or on entering;</p> <p>(f) Provide daily briefings to workers prior to commencing work, focusing on COVID-19 specific considerations including cough etiquette, hand hygiene and distancing measures;</p> <p>(g) Require workers to self-monitor for possible symptoms (fever, cough) and to report to their supervisor if they have symptoms or are feeling unwell;</p> <p>(h) Prevent a worker from an affected area or who has been in contact with an infected person from entering the construction area/site for 14 days;</p> <p>(i) Preventing a sick worker from entering the construction area/site, referring them to local health facilities if necessary or requiring them to isolate at home for 14 days.</p>
B. General construction	Air Emission and Air Quality	<p>(a) Ensure all vehicles and machinery use petrol from official sources (licensed gas stations) and on fuel determined by the machinery and vehicles producer;</p> <p>(b) Ensure all transportation vehicles and machinery is regularly maintained and attested;</p> <p>(c) All machinery needs to be equipped with appropriate emission control equipment;</p> <p>(d) When transporting waste/materials the vehicles must be covered in order to decrease the dust emission;</p>

The image shows a handwritten signature in blue ink over a circular official stamp. The stamp contains the text 'ՀԱՅԿՈՒՅՆ ԲՆԱՎՈՐՈՒՄԻ ՎՈՐՈՒՄԻ ԿՈՄԻՏԵ' (Committee for Construction and Construction Materials) and 'ԵՐԵՎԱՆ' (Yerevan). The signature is written in a stylized, cursive manner.

	PARAMETER	MITIGATION MEASURES CHECKLIST
		<ul style="list-style-type: none"> (e) To minimize dust the construction materials should be stored in appropriate places and be covered; (f) Usage of protective masks for the workers if the dust seems to be appeared; (g) Washing of road transport vehicles and wheels will be conducted regularly, in previously identified sites equipped with, minimally, oil and grease collector; (h) Clearing activities must be done during agreed working times and permitting weather conditions to avoid drifting of dust into neighboring area.
	Noise disturbance	<ul style="list-style-type: none"> (a) The level of noise should not exceed more than the national limit level (according to national legislation for areas of I degree of noise protection – due to hospital areas and EU requirement); (b) The construction of the mobile COVID19 hospital work should be not permitted during the nights, the operations on site shall be restricted to the hours 7.00 -19.00; (c) Noise suppression measures must be applied to all construction equipment. During operations the engine covers of generators, air compressors and other powered mechanical equipment should be closed. Should the vehicles or equipment not be in good working order, the constructor may be instructed to remove the offending vehicle or machinery from the site; (d) Mechanical equipment is effectively maintained. (e) The workers should be provided with ear protective devices (ear muffs and/or ear plugs)
	Waste management	<ul style="list-style-type: none"> (a) Containers for each identified waste category are provided in sufficient quantities and positioned for separate collection; (b) Communal service enterprise for waste collection (XXXX) is the responsible for communal and inert waste collection and transportation within the Municipality of XXXX. The waste disposal will be performed in the XXXX landfill. For the expected waste types from cleaning and construction of the mobile hospital activities the waste collection and disposal pathways and sites will be identified; (c) The different waste types that could be generated at the construction site need to be identified and classified according to the List of Waste (Official Gazette no.100/05); (d) The main waste would be classified under the Waste Chapter 17 “Construction and demolition wastes (including excavated soil from contaminated sites)” with the waste code 17 05 04 – Excavated soil, eventually 17 06 05* – Construction material containing asbestos 17 09 04 – Mixed waste from construction site, 17 01 – Waste from concrete, 18 01 03* infection waste , 18 01 06* chemicals consisting of or containing dangerous

Handwritten signature and official blue circular stamp of the Ministry of Health of the Republic of Belarus.

PARAMETER	MITIGATION MEASURES CHECKLIST
	<p>substances, 18 01 09 medicines other than cytotoxic and cytostatic, asphalt;</p> <p>(e) The ACM waste (roof sheets or side wall panels) need to be collected, packaged and immediately removed from the project site;</p> <p>(f) The personal in charge for removal of ACM roof sheets or side wall panels should be trained on proper safety dismantling of the roof sheets minimizing the health risks;</p> <p>(g) The demolition and remove of the ACM should be done very quickly by trained personal;</p> <p>(h) The ACM waste should be placed in polyethylene bags or other containers of at least 0.15 mm thickness.</p> <p>(i) Printed asbestos warning labels must appear on the outer surface of the container/bag warning that it is an " Asbestos waste";</p> <p>(j) The contract with the company for Asbestos containing waste collection and transportation should be signed for collection and transport of asbestos sheets;</p> <p>(k) After the removal of the asbestos waste all surfaces in the project site need to be dusted with a damp cloth or vacuumed with a HEPA filter;</p> <p>(l) The workers who perform clean up should wear protective clothes;</p> <p>(m) The contract with the Public Communal Enterprise Utility "Landfill Drisla" should be signed for final disposal of asbestos containing roof sheets and/or side wall panels;</p> <p>(n) Generated medical waste from each HCFs is collected and transported by an authorized company for medical waste transportation and treatment in the incinerator for medical waste in PE Drisla Skopje Small amount of solid municipal waste can be found (beverages, food), as well as packaging waste (bottles, paper, glass, etc.);</p> <p>(o) The construction waste will be separated from the general waste, liquid and chemical waste on site, by sorting in appropriate containers;</p> <p>(p) The medicines other than cytotoxic and cytostatic from the mobile COVID 19 hospital will be separated from the general waste on site, by sorting in appropriate containers;</p> <p>(q) The records of waste disposal will be regularly updated and archived;</p> <p>(r) Only licensed collectors of waste (with whom the hospital in XXXX will sign the Contract) will collect and dispose of the medicines other than cytotoxic and cytostatic;</p> <p>(s) Only licensed collectors of waste will collect and dispose of the construction waste</p>

PARAMETER	MITIGATION MEASURES CHECKLIST
	<p>(t) All of the records of the disposed waste will be kept as proof for proper management;</p> <p>(u) Construction waste from site needs to be instantly removed and reused if possible;</p> <p>(v) For the possible hazardous waste (motor oils, vehicle fuels) an authorized collector needs to be appointed to collect and dispose of it properly;</p> <p>(w) The materials should be covered during the transportation to avoid waste dispersion;</p> <p>(x) Burning of medical waste should be prohibited;</p> <p>(y) Burning of construction waste should be prohibited;</p> <p>(z) Estimate potential waste streams;</p> <p>(aa) Consider the capacity of existing facilities, and plan to increase capacity, if necessary, through construction, expansion etc.;</p> <p>(bb) Specify that the design of the facility considers the collection, segregation, transport and treatment of the anticipated volumes and types of healthcare wastes;</p> <p>(cc) Require that receptacles for waste should be sized appropriately for the waste volumes generated, and color coded and labeled according to the types of waste to be deposited;</p> <p>(dd) Develop appropriate protocols for the collection of waste and transportation to storage/disposal areas in accordance with WHO guidance;</p> <p>(ee) Identification of any off-site disposal of medical waste, including how material is gathered and stored, routes taken to the disposal facility, and disposal procedure</p> <p>(ff) Review of training procedures for healthcare workers and other relevant HCF employees for medical waste management and disposal</p> <p>(gg) Preparation of a facility specific ICWMP</p> <p>(hh) Design training for staff in the segregation of wastes at the time of use;</p> <p>(ii) Where possible avoid the use of incinerators;</p> <p>(jj) If small-scale incineration is the only option, this should be done using best practices, and plans should be in place to transition to alternative treatment as soon as practicable (such as steam treatment prior to disposal with sterile/non-infectious shredded waste and disposed of in suitable waste facilities);</p> <p>(kk) Do not use single-chamber, drum and brick incinerators;</p> <p>(ll) If small-scale incinerators are used, adopt best practices to minimize operational impacts.</p>
Water and soil	<p>(a) In the event when hazardous spillage occurs, it needs to be stopped and removed, then the site needs to be cleaned and the procedures and measures for hazardous waste management need to be followed;</p>

	PARAMETER	MITIGATION MEASURES CHECKLIST
		<ul style="list-style-type: none"> (b) In the case of any run-off coming from the works, in order to avoid contamination of the area it needs to be collected on site and placed in a temporary retention basin; (c) The temporary or final disposal of any waste stream near the water courses is forbidden; (d) Servicing of vehicles and machinery is forbidden to be conducted on the construction-site; (e) Prevent as much as possible, oil and other pollutants leakages to water and soil.
	Nature protection	<ul style="list-style-type: none"> (a) Collection of the generated waste on daily basis, selection of waste, transportation and final disposal on appropriate places; (b) After finishing with construction/installation activities, the location should be return to the pre work condition and if not possible than it will be adequately managed. (c) A Vegetation Restoration Plan shall be done for the project locations where the trees are planned to be removed; (d) The vehicles that are excessively noisy shall not be operated until corrective measures have been taken; (e) Minimization of the construction area as much as possible (carefully planning and design of the project activity according the Traffic Management Plan for a certain period of time
	Transport and Materials Management	<ul style="list-style-type: none"> (a) The routes for the machines are clearly defined; (b) Access of the construction and material delivery vehicles are strictly controlled, especially during the wet weather; (c) Ensure all transportation vehicles and machinery have been equipped with appropriate emission control equipment, regularly maintained and attested (d) Distribution of materials for the construction of the mobile COVID 19 hospital need to be announced and coordinated with the Municipality of XXXXX. The Contractor will take safety measures to prevent accidents; (e) All materials prone to dusting are transported in closed or covered trucks; (f) All materials prone to dusting and susceptible to weather conditions are protected from atmospheric impacts either by windshields, covers, watered or other appropriate means; (g) Project area is regularly swept and cleaned. Spilled materials are immediately removed from a project area and cleaned. Access roads are well maintained and safety for and safe for the movement of healthcare workers and patients.

The image shows a handwritten signature in blue ink and an official blue circular stamp. The stamp contains the text: "ТОВАРИСТВО С ОБЩИНА СТОИМОСТНА ОТГОВОРНОСТ", "ГРАКО", "100% собственост", "Дебел", and "ИЛКОВИЦА".

	PARAMETER	MITIGATION MEASURES CHECKLIST
C. Traffic and Pedestrian Safety	Direct or indirect hazards to public traffic and children and parents and construction of the mobile hospital activities	<p>The construction site including the regulation of the traffic will be accordingly secured by the Contractor. This includes but is not limited to:</p> <ul style="list-style-type: none"> (a) The citizens from the neighboring buildings (XXXXX) need to be timely informed of the upcoming works; (b) In the operational phase the citizens will need to obey the established traffic regime; (c) In an event where the traffic around the project area will be interrupted the Contractor in cooperation with the Municipality of XXXXX need to organize alternative routes; (d) Placing of sign posts, warning signs, barriers (vertical signalization and signs at the construction site): the citizens will be warned about the potential hazards; (e) Adequate warning tapes and signage need to be provided and placed; (f) Forbidden of entrance of unemployed persons within the fence; (g) Set up a special traffic regime for the vehicles of the contractor during the period of construction of the mobile hospital (together with the municipal staff and police department) and installation of signs to ensure safety, traffic flow and access to land and facilities; (h) During the operational phase a special traffic regime for the vehicles entering the hospital needs to be prepared; (i) Ensure pedestrian safety. Special focus for safety of citizens if the project activities take place during the citizens works (fence off the site, install safe corridors, etc.). <p>Passageways for pedestrians and vehicles within and outside construction areas must be segregated and provide for easy, safe, and appropriate access.</p>

<p>D. Usage of hazardous or toxic materials and generation of hazardous waste and infectious waste during operation</p>	<p>Toxic / hazardous materials management and Hazardous waste management</p>	<p>(a) Temporarily storage on site of all hazardous or toxic substances (including wastes) will be in safe containers labeled with details of composition, properties and handling information. Chemicals and medical waste are managed, used and disposed, and precautionary measures taken as required in the Material Safety Data Sheets (MSDS);</p> <p>(b) The containers with hazardous substances including medical waste must be kept closed, except when adding or removing materials/waste. They must not be handled, opened, or stored in a manner that may cause them to leak;</p> <p>(c) The medical waste and the waste containing disinfectants during the operational phase needs to be stored in labeled containers that will not leak;</p> <p>(d) The containers holding ignitable or reactive wastes must be located at least 15 meters from the facility's property line. Large amounts of fuel will not be kept at the site;</p> <p>(e) The containers of hazardous substances shall be placed in a leak-proof container to prevent spillage and leaking. This container will possess secondary containment system such as bunds (e.g. banded-container), double walls, or similar. Secondary containment system must be free of cracks, able to contain the spill, and be emptied quickly;</p> <p>(f) Hazardous waste (medical waste) should not be mixed and will be transported and disposed/incinerated only by licensed companies in line with the national regulation;</p> <p>(g) Possible hazardous waste (motor oils, vehicle fuels, lubricants) should be collected separately and authorized company should be sub-contracted to transport and finally dispose the hazardous waste;</p> <p>(h) Hazardous waste will be disposed only to licensed landfills or processed in licensed processing Plants;</p> <p>(i) Paints with toxic ingredients or solvents or lead-based paints will not be used;</p> <p>(j) Provide cleaning staff with adequate cleaning equipment, materials and disinfectant</p> <p>(k) The safe health-care waste management should applied for the Infectious waste (hazardous health-care waste) according the national legislation, guidance from the National Health Care Institute and WHO recommendations</p> <p>(l) Review general cleaning systems, training cleaning staff on appropriate cleaning procedures and appropriate frequency in high use or high-risk areas;</p> <p>(m) Where cleaners will be required to clean areas that have been or are suspected to have been contaminated with COVID-19, provide appropriate PPE: gowns or aprons, gloves, eye protection (masks, goggles or face screens) and boots or closed work shoes. If</p>

	PARAMETER	MITIGATION MEASURES CHECKLIST
		<p>appropriate PPE is not available, provide best available alternatives;</p> <p>(n) Train cleaners in proper hygiene (including handwashing) prior to, during and after conducting cleaning activities; how to safely use PPE (where required); in waste control (including for used PPE and cleaning materials).</p> <p>(o) Waste segregation, packaging, collection, storage disposal, and transport is conducted in compliance with the prepared ICWMP for each HCF and WHO COVID-19 Guidelines;</p> <p>(p) Provide proper collection of samples, transport of samples and appropriate laboratory biosafety in order to prevent spread of disease to medical workers or laboratory workers, or population during the transport of potentially affected samples.</p> <p>(q) Provide compliance with the precaution measures for infection prevention and control in isolation and treatment of infected cases spreads COVID-19 infections in HCFs;</p> <p>(r) Transport of wastes, transport of people who have tested positive with COVID-19 and movement of health workers and other staff in contact with patients with COVID-19, has the potential to spread the virus in the community. Transport of medical supplies and equipment is not expected to result in virus transmission.);</p> <p>(s) Implementation of the guidelines for proper waste management within the Waste Management Plan of HCFs, by healthcare workers, patients, etc.</p> <p>(t) All contaminated (potentially infectious) materials should be autoclaved in leak-proof containers, e.g., autoclavable, color-coded plastic bags, before disposal.</p> <p>(u) No pre-cleaning should be attempted of any contaminated (potentially infectious) materials to be autoclaved and reused. Any necessary cleaning or repair must be done only after autoclaving or disinfection.</p> <p>(v) The operational and maintenance of microwave and autoclave will apply good practices in line with the IFC Environmental Guidelines for Health Care Facilities</p> <p>(w) All HCFs should prepare waste management procedures in accordance with the national requirements that outline waste segregation procedures, on site handling, collection, transport, treatment and disposal, and training of staff. Wastes should be segregated at the point of generation by risk, including segregation of organic, recyclables, biological infectious and hazardous health care wastes which are temporary stored for pickup by contracted waste management company on site</p> <p>(x) The treatment of healthcare waste produced during the care of COVID-19 patients should be collected safely in designated containers and bags, treated and then safely disposed.</p>

	PARAMETER	MITIGATION MEASURES CHECKLIST
E. Mortuary	Arrangements are insufficient/ Processes are insufficient	<p>(a) Implement good infection control practices (see <u>WHO Infection Prevention and Control for the safe management of a dead body in the context of COVID-19</u>);</p> <p>(b) Use mortuaries and body bags, together with appropriate safeguards during funerals (see <u>WHO Practical considerations and recommendations for religious leaders and faith-based communities in the context of COVID-19</u>).</p>
F. Grievance Mechanism	Types of Grievance	<p>(a) PIU within the MLSP as responsible institution for implementation of the project activities will establish two types of Grievances: Health Care Workers Grievance Form and General public Grievance Form. Grievance forms will be available at the location where the activities will take place, as well as on the MLSP website</p> <p>(b) Any comments/concerns/grievance can be submitted to the MLSP on-line, verbally (personally or by telephone) or in writing by filling in the Project Grievance Form (by personal delivery, post, fax or e-mail to the MLSP contact person). Individuals who submit comments or grievances have the right to request that their name be kept confidential. Grievances may be submitted anonymously, although in such cases, the person will not receive any response. All comments and grievances will be responded to either verbally or in writing, in accordance with the preferred method of communication specified by the complainant, if contact details of the complainant are provided.</p> <p>(c) The complainant will be informed about the proposed corrective action and follow-up of corrective action within 15 calendar days upon the acknowledgement of grievance. The acknowledgment will be done within 48 hours.</p>
G. Procurement	Procurement of goods and supplies	<p>(a) Procure goods and supplies based on technical specifications provided by WHO interim guidance for Coronavirus disease 2019</p> <p>(b) Determination if adequate stores of hand sanitizes and PPE are available in all HCF</p> <p>(c) Identification of supply lines for required PPE</p> <p>(d) Adequate handwashing facilities with soap (liquid), water and paper towels for hand</p> <p>(e) drying plus closed waste bin for paper towels are available. Alcohol-based hand rub should be provided where handwashing facilities cannot be accessed easily and regularly.</p> <p>(f) Label containing information on how materials/medical facilities/equipment should be safely handled should be available on site</p>

	PARAMETER	MITIGATION MEASURES CHECKLIST
H. Decommissioning	Decommissioning of mobile COVID 19 hospitals	<p>(g) The facility will be sprayed with disinfectant prior to demolition/dismantling and generated waste will be managed according the Decommissioning Plan</p> <p>(h) All workers participating in these activities will adhere to the typical occupational health and safety requirements outlined in the construction stage section and at minimum ensure adequate PPE is worn, including helmets, boots, gloves and masks</p> <p>(i) Decommissioning plan or procedure should be prepared for each sub-project;</p> <p>(j) This decommissioning process should be implemented according to the requirements given in ESF/Safeguards Interim Note: COVID-19 Considerations in Construction/Civil Works Projects, issued on April 7, 2020</p> <p>(k) Interim Advice for IFC Clients on Preventing and Managing Health Risks of COVID-19 in the Workplace, issued on April 6, 2020</p> <p>(l) Interim Advice for IFC Clients on Supporting Workers in the Context of COVID-19, issued on April 6, 2020</p> <p>(m) All medical equipment will be decommissioned as per the manufactures requirements and disposed where relevant in accordance with the manufacturer’s requirements.</p>

PART 3: MONITORING PLAN					
What parameter is to be monitored?	Where is the parameter to be monitored?	How is the parameter to be monitored (what should be measured and how)?	When is the parameter to be monitored (timing and frequency)?	By Whom is the parameter to be monitored– (responsibility)?	How much is the cost associated with implementation of monitoring
Preparatory phase					
Community safety and OH&S for workers	On the site	By checking if there is a Board with information about the Investor, Contractor and Supervisor,	Before works commencement	Supervisor Representative from the Municipality of XXXX	Included in the project budget

PART 3: MONITORING PLAN					
What parameter is to be monitored?	Where is the parameter to be monitored?	How is the parameter to be monitored (what should be measured and how)?	When is the parameter to be monitored (timing and frequency)?	By Whom is the parameter to be monitored— (responsibility)?	How much is the cost associated with implementation of monitoring
		fencing and marking the location, To prevent health and safety risks – mechanical injuries and to provide safe access and mobility of all which will be affected near the project location in Municipality of XXXX			
Obtained all required permits	In the premises of Contractor At the city Administration in XXX	Inspection of all required documents/permits according the national legislation	Before works start	Supervisor Representative from the Municipality of XXXX	Included in the project budget
Accidents prevention	On the site where mobile COVID 19 hospital will be constructed	By checking if there are spill kits, firefighting appliances, the vehicles and equipment is in working condition at the project location in Municipality of XXXX	Before works commencement	Supervisor Representative from the Municipality of XXXX	Included in the project budget
Construction of the mobile COVID 19 hospital phase					
ist, particulate matter	At the Site of mobile COVID 19 hospital	Measurement of particulate matters by accredited laboratory	Upon complaint or negative inspection finding	Municipal Environmental Inspector	Contractor budget
Noise disturbance	On site of mobile COVID 19 hospital	Measuring levels of noise should be carried out in the case of complaints and negative findings of the inspection.	Regularly	Accredited company for measuring the level of noise environmental inspector, Construction inspector, MLSP PIU	Part of the regular Contractor cost
Waste management	On the site of mobile COVID 19 hospital	Review the documentation – identification of the	At the beginning of works, than periodically	Supervisor Municipality of XXX	Included in the project budget

PART 3: MONITORING PLAN					
What parameter is to be monitored?	Where is the parameter to be monitored?	How is the parameter to be monitored (what should be measured and how)?	When is the parameter to be monitored (timing and frequency)?	By Whom is the parameter to be monitored— (responsibility)?	How much is the cost associated with implementation of monitoring
		waste type according the List of waste, - Visual inspection that the waste is collected separately in adequately labeled containers, leakages. - review of the waste Contracts and licenses of companies contracted for the collection and disposal of waste		Environmental Inspector	
Water and soil (accidental spillage, leakages of hazardous materials, waste waters, etc.)	At the site of the construction and where the machines and vehicles are operating	Visual checks on site	During the civil works, daily	Supervisor of the construction works; Authorized environmental inspector, MLSP PIU	Included in the project budget
Nature protection - Vegetation Restoration Plan for the project locations where the trees are planned to be removed	On the construction site	Prepared Vegetation Restoration Plan and implemented measures for planting trees as compensation measure	According the timeframe of the planned activities	Municipality of XXX Environmental Inspector	Included in the project budget
Transport and Materials Management (implementation of safety measures to prevent accidents)	On construction site	Visual checks on how the materials are disposed of and whether they are properly transported	Regularly, Daily	Supervisor Environmental Inspector	Part of the regular Contractor cost
Direct or indirect hazards to public traffic on construction of the mobile	On the site	Check the documentation: - Whether all competent authorities have been notified,	Continuously	Contractor Bidder	Included in the project budget

Handwritten signature and official blue circular stamp of the Ministry of Transport and Road Maintenance of Belarus.

PART 3: MONITORING PLAN					
What <i>parameter is to be monitored?</i>	Where <i>is the parameter to be monitored?</i>	How <i>is the parameter to be monitored (what should be measured and how)?</i>	When <i>is the parameter to be monitored (timing and frequency)?</i>	By Whom <i>is the parameter to be monitored— (responsibility)?</i>	How much <i>is the cost associated with implementation of monitoring</i>
COVID 19 hospital activities		- Whether all the necessary permits and approvals have been obtained, Visual check of the transport of materials, corridors and crossings, traffic regulation, etc.			
Toxic / hazardous materials management and Hazardous waste management	On site visual assessment (hazardous waste containers and documentation)	-Proper handling and storage is checked according to Material Safety Data Sheets (MSDS) -Visual inspection and review of documents in terms of: - Adequate collection and storage of hazardous and toxic substances (including fuel) and waste - Transportation, disposal and incineration of hazardous waste only by authorized companies, - Review of declarations of purchased paint and solvents (avoidance of hazardous paint and solvents)	Continuously, when the remains are removed	Supervising engineer, Inspection	Part of the regular Contractor cost Included in the project budget
Operation Phase of the installed mobile COVID 19 hospital					
Plan for regular maintenance of the installations (water supply, sewage network, electricity, heating) within the hospital	On site visual assessment and checks of the documentation	Overview of the Plan for regular and preventive maintenance	Before the start of the operation of the hospital	Representatives from the Municipality of XXXX and Director of the Hospital in City of XXXX	Hospital budget

PART 3: MONITORING PLAN					
What <i>parameter is to be monitored?</i>	Where <i>is the parameter to be monitored?</i>	How <i>is the parameter to be monitored (what should be measured and how)?</i>	When <i>is the parameter to be monitored (timing and frequency)?</i>	By Whom <i>is the parameter to be monitored— (responsibility)?</i>	How much <i>is the cost associated with implementation of monitoring</i>
				Communal inspector Responsible persons employed in the hospital	
Prepared Fire Protection Plan and implementing protection measures	In the mobile COVID 19 hospital	Review of the Plan and proposed fire protection measures	At the beginning of hospital operation.	Director of the Hospital in City of XXXX Responsible persons employed in the hospital	Hospital budget
Prepared Waste management plan and Infection Control and Waste Management Plan (special attention to infectious waste)	On site visual assessment and checks of the documentation	<ul style="list-style-type: none"> - Adequate collection and storage of hazardous and toxic substances (including medical infectious waste) and other waste streams - Signing contract for transportation, disposal and incineration of hazardous waste (including medical infectious waste) only by authorized companies, - Review of declarations of purchased disinfectants - implementation of waste management procedures that outline waste segregation procedures, on site handling, collection, transport, treatment and disposal, and training of staff. 	Before the start of the operation of the mobile hospital	Director of the Hospital in City of XXXX Representatives from the Municipality of XXX Communal inspector Health care inspector Responsible persons employed in the hospital	Hospital budget

Handwritten signature and official stamp of the State Procurement Office of the Republic of Belarus.

PART 3: MONITORING PLAN					
What parameter is to be monitored?	Where is the parameter to be monitored?	How is the parameter to be monitored (what should be measured and how)?	When is the parameter to be monitored (timing and frequency)?	By Whom is the parameter to be monitored— (responsibility)?	How much is the cost associated with implementation of monitoring
Labour procedures management applied for all medical staff	On site visual assessment and checks of the documentation	Visual evaluation and check if all health care measures for medical workers and applied. The medical PPE provided in appropriate quantity to each medical person	Every day before the starting the medical care activities, cleaning activities, etc. in the mobile hospital	Representative from the mobile hospital Labour related inspector	Hospital budget
Procured goods and supplies in hospital based on technical specifications provided by WHO interim guidance for Coronavirus disease 2019	In the mobile hospital	Visual check of label containing information on how materials/medical facilities/equipment should be safely handled	After the purchase of the procurement	HCF Management	Hospital budget
Decommissioning phase of the mobile COVID 19 hospital					
Decommissioning of mobile COVID 19 hospitals according the decommissioning plan	At the site of mobile hospital decommissioning	Visual check if the proposed measures from Decommissioning Plan are implemented for demolition/dismantling of the hospital and installed equipment	During the decommissioning phase	HCF Management; Building Contractor	Included within the project budget

Section VIII - General Conditions of Contract

1. Definitions

- 1.1 The following words and expressions shall have the meanings hereby assigned to them:
- (a) “Bank” means the World Bank and refers to the International Bank for Reconstruction and Development (IBRD) or the International Development Association (IDA).
 - (b) “Contract” means the Contract Agreement entered into between the Purchaser and the Supplier, together with the Contract Documents referred to therein, including all attachments, appendices, and all documents incorporated by reference therein.
 - (c) “Contract Documents” means the documents listed in the Contract Agreement, including any amendments thereto.
 - (d) “Contract Price” means the price payable to the Supplier as specified in the Contract Agreement, subject to such additions and adjustments thereto or deductions therefrom, as may be made pursuant to the Contract.
 - (e) “Day” means calendar day.
 - (f) “Completion” means the fulfillment of the Related Services by the Supplier in accordance with the terms and conditions set forth in the Contract.
 - (g) “GCC” means the General Conditions of Contract.
 - (h) “Goods” means all of the commodities, raw material, machinery and equipment, and/or other materials that the Supplier is required to supply to the Purchaser under the Contract.
 - (i) “Purchaser’s Country” is the country specified in the **Special Conditions of Contract(SCC)**.
 - (j) “Purchaser” means the entity purchasing the Goods and Related Services, as **specified in the SCC**.
 - (k) “Related Services” means the services incidental to the supply of the goods, such as insurance, installation, training and initial maintenance and other such obligations of the Supplier under the Contract.
 - (l) “SCC” means the Special Conditions of Contract.

- (m) “Subcontractor” means any person, private or government entity, or a combination of the above, to whom any part of the Goods to be supplied or execution of any part of the Related Services is subcontracted by the Supplier.
- (n) “Supplier” means the person, private or government entity, or a combination of the above, whose Bid to perform the Contract has been accepted by the Purchaser and is named as such in the Contract Agreement.
- (o) “The Project Site,” where applicable, means the place named in the SCC.

2. Contract Documents

2.1 Subject to the order of precedence set forth in the Contract Agreement, all documents forming the Contract (and all parts thereof) are intended to be correlative, complementary, and mutually explanatory. The Contract Agreement shall be read as a whole.

3. Fraud and Corruption

3.1 The Bank requires compliance with the Bank’s Anti-Corruption Guidelines and its prevailing sanctions policies and procedures as set forth in the WBG’s Sanctions Framework, as set forth in Appendix to the GCC.

3.2 The Purchaser requires the Supplier to disclose any commissions or fees that may have been paid or are to be paid to agents or any other party with respect to the Bidding process or execution of the Contract. The information disclosed must include at least the name and address of the agent or other party, the amount and currency, and the purpose of the commission, gratuity or fee.

4. Interpretation

4.1 If the context so requires it, singular means plural and vice versa.

4.2 Incoterms

(a) Unless inconsistent with any provision of the Contract, the meaning of any trade term and the rights and obligations of parties thereunder shall be as prescribed by Incoterms **specified in the SCC**.

(b) The terms EXW, CIP, FCA, CFR and other similar terms, when used, shall be governed by the rules prescribed in the current edition of Incoterms specified in the **SCC** and published by the International Chamber of Commerce in Paris, France.

4.3 Entire Agreement

The Contract constitutes the entire agreement between the Purchaser and the Supplier and supersedes all communications, negotiations and agreements (whether written or oral) of the parties with respect thereto made prior to the date of Contract.

4.4 Amendment

No amendment or other variation of the Contract shall be valid unless it is in writing, is dated, expressly refers to the Contract, and is signed by a duly authorized representative of each party thereto.

4.5 Non waiver

(a) Subject to GCC Sub-Clause 4.5(b) below, no relaxation, forbearance, delay, or indulgence by either party in enforcing any of the terms and conditions of the Contract or the granting of time by either party to the other shall prejudice, affect, or restrict the rights of that party under the Contract, neither shall any waiver by either party of any breach of Contract operate as waiver of any subsequent or continuing breach of Contract.

(b) Any waiver of a party's rights, powers, or remedies under the Contract must be in writing, dated, and signed by an authorized representative of the party granting such waiver, and must specify the right and the extent to which it is being waived.

4.6 Severability

If any provision or condition of the Contract is prohibited or rendered invalid or unenforceable, such prohibition, invalidity or unenforceability shall not affect the validity or enforceability of any other provisions and conditions of the Contract.

5. Language

5.1 The Contract as well as all correspondence and documents relating to the Contract exchanged by the Supplier and the Purchaser, shall be written in the language specified in the SCC. Supporting documents and printed literature that are part of the Contract may be in another language provided they are accompanied by an accurate translation of the relevant passages in the language specified, in which case, for purposes of interpretation of the Contract, this translation shall govern.

5.2 The Supplier shall bear all costs of translation to the governing language and all risks of the accuracy of such translation, for documents provided by the Supplier.

- 6. Joint Venture, Consortium or Association**
- 6.1 If the Supplier is a joint venture, consortium, or association, all of the parties shall be jointly and severally liable to the Purchaser for the fulfillment of the provisions of the Contract and shall designate one party to act as a leader with authority to bind the joint venture, consortium, or association. The composition or the constitution of the joint venture, consortium, or association shall not be altered without the prior consent of the Purchaser.
- 7. Eligibility**
- 7.1 The Supplier and its Subcontractors shall have the nationality of an eligible country. A Supplier or Subcontractor shall be deemed to have the nationality of a country if it is a citizen or constituted, incorporated, or registered, and operates in conformity with the provisions of the laws of that country.
- 7.2 All Goods and Related Services to be supplied under the Contract and financed by the Bank shall have their origin in Eligible Countries. For the purpose of this Clause, origin means the country where the goods have been grown, mined, cultivated, produced, manufactured, or processed; or through manufacture, processing, or assembly, another commercially recognized article results that differs substantially in its basic characteristics from its components.
- 8. Notices**
- 8.1 Any notice given by one party to the other pursuant to the Contract shall be in writing to the address specified in the SCC. The term “in writing” means communicated in written form with proof of receipt.
- 8.2 A notice shall be effective when delivered or on the notice’s effective date, whichever is later.
- 9. Governing Law**
- 9.1 The Contract shall be governed by and interpreted in accordance with the laws of the Purchaser’s Country, unless otherwise specified in the SCC.
- 9.2 Throughout the execution of the Contract, the Supplier shall comply with the import of goods and services prohibitions in the Purchaser’s Country when
- (a) as a matter of law or official regulations, the Borrower’s country prohibits commercial relations with that country; or
- 9.2 (b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower’s Country prohibits any import of goods from that country or any payments to any country, person, or entity in that country.

10. Settlement of Disputes

10.1 The Purchaser and the Supplier shall make every effort to resolve amicably by direct informal negotiation any disagreement or dispute arising between them under or in connection with the Contract.

10.2 If, after twenty-eight (28) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the Purchaser or the Supplier may give notice to the other party of its intention to commence arbitration, as hereinafter provided, as to the matter in dispute, and no arbitration in respect of this matter may be commenced unless such notice is given. Any dispute or difference in respect of which a notice of intention to commence arbitration has been given in accordance with this Clause shall be finally settled by arbitration. Arbitration may be commenced prior to or after delivery of the Goods under the Contract. Arbitration proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.

10.3 Notwithstanding any reference to arbitration herein,

- (a) the parties shall continue to perform their respective obligations under the Contract unless they otherwise agree; and
- (b) the Purchaser shall pay the Supplier any monies due the Supplier.

11. Inspections and Audit by the Bank

11.1 The Supplier shall keep, and shall make all reasonable efforts to cause its Subcontractors to keep, accurate and systematic accounts and records in respect of the Goods in such form and details as will clearly identify relevant time changes and costs.

11.2 Pursuant to paragraph 2.2 e. of Appendix to the General Conditions the Supplier shall permit and shall cause its subcontractors and subconsultants to permit, the Bank and/or persons appointed by the Bank to inspect the Site and/or the accounts and records relating to the procurement process, selection and/or contract execution, and to have such accounts and records audited by auditors appointed by the Bank if requested by the Bank. The Supplier's and its Subcontractors' and subconsultants' attention is drawn to Sub-Clause 3.1 which provides, inter alia, that acts intended to materially impede the exercise of the Bank's inspection and audit rights constitute a prohibited practice subject to contract termination (as well as to a determination of ineligibility pursuant to the Bank's prevailing sanctions procedures).

The image shows a handwritten signature in blue ink and a circular blue stamp. The stamp contains the text: "БРАКО" (BPAKO) in the center, "ДОО УЛОЗ-ЗЕЛОЗ" (DOO ULOZ-ZELOZ) below it, and "Белене" (Belene) at the bottom. The outer ring of the stamp contains the text "ПРОИЗВОДСТВО, ТРГОВИЈА И УПАРА" (PROIZVODSTVO, TRGOVIJA I UPARA) at the top and "ДРУШТВО" (DRUSHTVO) at the bottom.

- 12. Scope of Supply** 12.1 The Goods and Related Services to be supplied shall be as specified in the Schedule of Requirements.
- 13. Delivery and Documents** 13.1 Subject to GCC Sub-Clause 33.1, the Delivery of the Goods and Completion of the Related Services shall be in accordance with the Delivery and Completion Schedule specified in the Schedule of Requirements. The details of shipping and other documents to be furnished by the Supplier are specified in the SCC.
- 14. Supplier's Responsibilities** 14.1 The Supplier shall supply all the Goods and Related Services included in the Scope of Supply in accordance with GCC Clause 12, and the Delivery and Completion Schedule, as per GCC Clause 13.
- 15. Contract Price** 15.1 Prices charged by the Supplier for the Goods supplied and the Related Services performed under the Contract shall not vary from the prices quoted by the Supplier in its Bid, with the exception of any price adjustments authorized in the SCC.
- 16. Terms of Payment**
- 16.1 The Contract Price, including any Advance Payments, if applicable, shall be paid as specified in the SCC.
- 16.2 The Supplier's request for payment shall be made to the Purchaser in writing, accompanied by invoices describing, as appropriate, the Goods delivered and Related Services performed, and by the documents submitted pursuant to GCC Clause 13 and upon fulfillment of all other obligations stipulated in the Contract.
- 16.3 Payments shall be made promptly by the Purchaser, but in no case later than sixty (60) days after submission of an invoice or request for payment by the Supplier, and after the Purchaser has accepted it.
- 16.4 The currencies in which payments shall be made to the Supplier under this Contract shall be those in which the Bid price is expressed.
- 16.5 In the event that the Purchaser fails to pay the Supplier any payment by its due date or within the period set forth in the SCC, the Purchaser shall pay to the Supplier interest on the amount of such delayed payment at the rate shown in the SCC, for the period of delay until payment has been made in full, whether before or after judgment or arbitration award.
- 17. Taxes and Duties** 17.1 For goods manufactured outside the Purchaser's Country, the Supplier shall be entirely responsible for all taxes, stamp duties,

license fees, and other such levies imposed outside the Purchaser's Country.

17.2 For goods Manufactured within the Purchaser's Country, the Supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted Goods to the Purchaser.

17.3 If any tax exemptions, reductions, allowances or privileges may be available to the Supplier in the Purchaser's Country, the Purchaser shall use its best efforts to enable the Supplier to benefit from any such tax savings to the maximum allowable extent.

18. Performance Security

18.1 If required as specified in the SCC, the Supplier shall, within twenty-eight (28) days of the notification of contract award, provide a performance security for the performance of the Contract in the amount specified in the SCC.

18.2 The proceeds of the Performance Security shall be payable to the Purchaser as compensation for any loss resulting from the Supplier's failure to complete its obligations under the Contract.

18.3 As specified in the SCC, the Performance Security, if required, shall be denominated in the currency(ies) of the Contract, or in a freely convertible currency acceptable to the Purchaser; and shall be in one of the format stipulated by the Purchaser in the SCC, or in another format acceptable to the Purchaser.

18.4 The Performance Security shall be discharged by the Purchaser and returned to the Supplier not later than twenty-eight (28) days following the date of Completion of the Supplier's performance obligations under the Contract, including any warranty obligations, unless specified otherwise in the SCC.

19. Copyright

19.1 The copyright in all drawings, documents, and other materials containing data and information furnished to the Purchaser by the Supplier herein shall remain vested in the Supplier, or, if they are furnished to the Purchaser directly or through the Supplier by any third party, including suppliers of materials, the copyright in such materials shall remain vested in such third party

20. Confidential Information

20.1 The Purchaser and the Supplier shall keep confidential and shall not, without the written consent of the other party hereto, divulge to any third party any documents, data, or other information furnished directly or indirectly by the other party hereto in connection with the Contract, whether such information has been furnished prior to, during or following completion or termination of the Contract. Notwithstanding the above, the Supplier may furnish to its Subcontractor such documents, data, and other

information it receives from the Purchaser to the extent required for the Subcontractor to perform its work under the Contract, in which event the Supplier shall obtain from such Subcontractor an undertaking of confidentiality similar to that imposed on the Supplier under GCC Clause 20.

20.2 The Purchaser shall not use such documents, data, and other information received from the Supplier for any purposes unrelated to the contract. Similarly, the Supplier shall not use such documents, data, and other information received from the Purchaser for any purpose other than the performance of the Contract.

20.3 The obligation of a party under GCC Sub-Clauses 20.1 and 20.2 above, however, shall not apply to information that:

- (a) the Purchaser or Supplier need to share with the Bank or other institutions participating in the financing of the Contract;
- (b) now or hereafter enters the public domain through no fault of that party;
- (c) can be proven to have been possessed by that party at the time of disclosure and which was not previously obtained, directly or indirectly, from the other party; or
- (d) otherwise lawfully becomes available to that party from a third party that has no obligation of confidentiality.

20.4 The above provisions of GCC Clause 20 shall not in any way modify any undertaking of confidentiality given by either of the parties hereto prior to the date of the Contract in respect of the Supply or any part thereof.

20.5 The provisions of GCC Clause 20 shall survive completion or termination, for whatever reason, of the Contract.

21. Subcontracting 21.1 The Supplier shall notify the Purchaser in writing of all subcontracts awarded under the Contract if not already specified in the Bid. Such notification, in the original Bid or later shall not relieve the Supplier from any of its obligations, duties, responsibilities, or liability under the Contract.

21.2 Subcontracts shall comply with the provisions of GCC Clauses 3 and 7.

22. Specifications and Standards

22.1 Technical Specifications and Drawings

- (a) The Goods and Related Services supplied under this Contract shall conform to the technical specifications and standards mentioned in Section VI, Schedule of Requirements and, when no applicable standard is mentioned, the standard shall be equivalent or superior to the official standards whose application is appropriate to the Goods' country of origin.
- (b) The Supplier shall be entitled to disclaim responsibility for any design, data, drawing, specification or other document, or any modification thereof provided or designed by or on behalf of the Purchaser, by giving a notice of such disclaimer to the Purchaser.
- (c) Wherever references are made in the Contract to codes and standards in accordance with which it shall be executed, the edition or the revised version of such codes and standards shall be those specified in the Schedule of Requirements. During Contract execution, any changes in any such codes and standards shall be applied only after approval by the Purchaser and shall be treated in accordance with GCC Clause 33.

23. Packing and Documents

- 23.1 The Supplier shall provide such packing of the Goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the Contract. During transit, the packing shall be sufficient to withstand, without limitation, rough handling and exposure to extreme temperatures, salt and precipitation, and open storage. Packing case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.
- 23.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the Contract, including additional requirements, if any, specified in the SCC, and in any other instructions ordered by the Purchaser.

24. Insurance

- 24.1 Unless otherwise specified in the SCC, the Goods supplied under the Contract shall be fully insured—in a freely convertible currency from an eligible country—against loss or damage incidental to manufacture or acquisition, transportation, storage, and delivery, in accordance with the applicable Incoterms or in the manner specified in the SCC.

The image shows a handwritten signature in blue ink over a circular blue stamp. The stamp contains the text: "БРАКО" (BPAKO) in the center, "ДОО" (LLC) below it, and "Беларусь" (Belarus) at the bottom. The outer ring of the stamp contains the text "АДПРАСЯВА" (Application) on the left and "ПРАКТИКА" (Practice) on the right.

25. Transportation and Incidental Services

- 25.1 Unless otherwise specified in the **SCC**, responsibility for arranging transportation of the Goods shall be in accordance with the specified Incoterms.
- 25.2 The Supplier may be required to provide any or all of the following services, including additional services, if any, specified in **SCC**:
- (a) performance or supervision of on-site assembly and/or start-up of the supplied Goods;
 - (b) furnishing of tools required for assembly and/or maintenance of the supplied Goods;
 - (c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied Goods;
 - (d) performance or supervision or maintenance and/or repair of the supplied Goods, for a period of time agreed by the parties, provided that this service shall not relieve the Supplier of any warranty obligations under this Contract; and
 - (e) training of the Purchaser's personnel, at the Supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied Goods.
- 25.3 Prices charged by the Supplier for incidental services, if not included in the Contract Price for the Goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the Supplier for similar services

26. Inspections and Tests

- 26.1 The Supplier shall at its own expense and at no cost to the Purchaser carry out all such tests and/or inspections of the Goods and Related Services as are specified in the **SCC**.
- 26.2 The inspections and tests may be conducted on the premises of the Supplier or its Subcontractor, at point of delivery, and/or at the Goods' final destination, or in another place in the Purchaser's Country as specified in the **SCC**. Subject to **GCC** Sub-Clause 26.3, if conducted on the premises of the Supplier or its Subcontractor, all reasonable facilities and assistance, including access to drawings and production data, shall be furnished to the inspectors at no charge to the Purchaser.
- 26.3 The Purchaser or its designated representative shall be entitled to attend the tests and/or inspections referred to in **GCC** Sub-Clause 26.2, provided that the Purchaser bear all of its own costs and

expenses incurred in connection with such attendance including, but not limited to, all traveling and board and lodging expenses.

26.4 Whenever the Supplier is ready to carry out any such test and inspection, it shall give a reasonable advance notice, including the place and time, to the Purchaser. The Supplier shall obtain from any relevant third party or manufacturer any necessary permission or consent to enable the Purchaser or its designated representative to attend the test and/or inspection.

26.5 The Purchaser may require the Supplier to carry out any test and/or inspection not required by the Contract but deemed necessary to verify that the characteristics and performance of the Goods comply with the technical specifications codes and standards under the Contract, provided that the Supplier's reasonable costs and expenses incurred in the carrying out of such test and/or inspection shall be added to the Contract Price. Further, if such test and/or inspection impedes the progress of manufacturing and/or the Supplier's performance of its other obligations under the Contract, due allowance will be made in respect of the Delivery Dates and Completion Dates and the other obligations so affected.

26.6 The Supplier shall provide the Purchaser with a report of the results of any such test and/or inspection.

26.7 The Purchaser may reject any Goods or any part thereof that fail to pass any test and/or inspection or do not conform to the specifications. The Supplier shall either rectify or replace such rejected Goods or parts thereof or make alterations necessary to meet the specifications at no cost to the Purchaser, and shall repeat the test and/or inspection, at no cost to the Purchaser, upon giving a notice pursuant to GCC Sub-Clause 26.4.

26.8 The Supplier agrees that neither the execution of a test and/or inspection of the Goods or any part thereof, nor the attendance by the Purchaser or its representative, nor the issue of any report pursuant to GCC Sub-Clause 26.6, shall release the Supplier from any warranties or other obligations under the Contract.

27. Liquidated Damages

27.1 Except as provided under GCC Clause 32, if the Supplier fails to deliver any or all of the Goods by the Date(s) of delivery or perform the Related Services within the period specified in the Contract, the Purchaser may without prejudice to all its other remedies under the Contract, deduct from the Contract Price, as liquidated damages, a sum equivalent to the percentage specified in the SCC of the delivered price of the delayed Goods or unperformed Services for each week or part thereof of delay until

The image shows a handwritten signature in blue ink and a circular blue stamp. The stamp contains the text: "БРАКО" (BPAKO) in the center, "ДОО ЈС-ЗЕМ" (DOO JS-ZEM) below it, and "Белас" (Belas) at the bottom. The outer ring of the stamp contains the text "Друштво за производство, трговица и услуги" (Company for production, trade and services).

actual delivery or performance, up to a maximum deduction of the percentage specified in those SCC. Once the maximum is reached, the Purchaser may terminate the Contract pursuant to GCC Clause 35.

28. Warranty

28.1 The Supplier warrants that all the Goods are new, unused, and of the most recent or current models, and that they incorporate all recent improvements in design and materials, unless provided otherwise in the Contract.

28.2 Subject to GCC Sub-Clause 22.1(b), the Supplier further warrants that the Goods shall be free from defects arising from any act or omission of the Supplier or arising from design, materials, and workmanship, under normal use in the conditions prevailing in the country of final destination.

28.3 Unless otherwise specified in the SCC, the warranty shall remain valid for twelve (12) months after the Goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the SCC, or for eighteen (18) months after the date of shipment from the port or place of loading in the country of origin, whichever period concludes earlier.

28.4 The Purchaser shall give notice to the Supplier stating the nature of any such defects together with all available evidence thereof, promptly following the discovery thereof. The Purchaser shall afford all reasonable opportunity for the Supplier to inspect such defects.

28.5 Upon receipt of such notice, the Supplier shall, within the period specified in the SCC, expeditiously repair or replace the defective Goods or parts thereof, at no cost to the Purchaser.

28.6 If having been notified, the Supplier fails to remedy the defect within the period specified in the SCC, the Purchaser may proceed to take within a reasonable period such remedial action as may be necessary, at the Supplier's risk and expense and without prejudice to any other rights which the Purchaser may have against the Supplier under the Contract.

29. Patent Indemnity

29.1 The Supplier shall, subject to the Purchaser's compliance with GCC Sub-Clause 29.2, indemnify and hold harmless the Purchaser and its employees and officers from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney's fees and expenses, which the Purchaser may suffer as a result of any infringement or alleged infringement of

The image shows a handwritten signature in blue ink and a circular blue stamp. The stamp contains the text: "ДРУШТВО С ПРОИЗВОДСТВО, ТРГОВИЈА И УСЛУГИ", "БРАКО", "ДОО увоз-извоз", and "Венес".

any patent, utility model, registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the Contract by reason of:

- (a) the installation of the Goods by the Supplier or the use of the Goods in the country where the Site is located; and
- (b) the sale in any country of the products produced by the Goods.

Such indemnity shall not cover any use of the Goods or any part thereof other than for the purpose indicated by or to be reasonably inferred from the Contract, neither any infringement resulting from the use of the Goods or any part thereof, or any products produced thereby in association or combination with any other equipment, plant, or materials not supplied by the Supplier, pursuant to the Contract.

29.2 If any proceedings are brought or any claim is made against the Purchaser arising out of the matters referred to in GCC Sub-Clause 29.1, the Purchaser shall promptly give the Supplier a notice thereof, and the Supplier may at its own expense and in the Purchaser's name conduct such proceedings or claim and any negotiations for the settlement of any such proceedings or claim.

29.3 If the Supplier fails to notify the Purchaser within twenty-eight (28) days after receipt of such notice that it intends to conduct any such proceedings or claim, then the Purchaser shall be free to conduct the same on its own behalf.

29.4 The Purchaser shall, at the Supplier's request, afford all available assistance to the Supplier in conducting such proceedings or claim, and shall be reimbursed by the Supplier for all reasonable expenses incurred in so doing.

29.5 The Purchaser shall indemnify and hold harmless the Supplier and its employees, officers, and Subcontractors from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of any nature, including attorney's fees and expenses, which the Supplier may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright, or other intellectual property right registered or otherwise existing at the date of the Contract arising out of or in connection with any design, data, drawing, specification, or other documents or materials provided or designed by or on behalf of the Purchaser.

30. Limitation of Liability

- 30.1 Except in cases of criminal negligence or willful misconduct,
- (a) the Supplier shall not be liable to the Purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the Supplier to pay liquidated damages to the Purchaser and
 - (b) the aggregate liability of the Supplier to the Purchaser, whether under the Contract, in tort or otherwise, shall not exceed the total Contract Price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment, or to any obligation of the supplier to indemnify the Purchaser with respect to patent infringement

31. Change in Laws and Regulations

31.1 Unless otherwise specified in the Contract, if after the date of 28 days prior to date of Bid submission, any law, regulation, ordinance, order or bylaw having the force of law is enacted, promulgated, abrogated, or changed in the place of the Purchaser’s Country where the Site is located (which shall be deemed to include any change in interpretation or application by the competent authorities) that subsequently affects the Delivery Date and/or the Contract Price, then such Delivery Date and/or Contract Price shall be correspondingly increased or decreased, to the extent that the Supplier has thereby been affected in the performance of any of its obligations under the Contract. Notwithstanding the foregoing, such additional or reduced cost shall not be separately paid or credited if the same has already been accounted for in the price adjustment provisions where applicable, in accordance with GCC Clause 15.

32. Force Majeure

- 32.1 The Supplier shall not be liable for forfeiture of its Performance Security, liquidated damages, or termination for default if and to the extent that its delay in performance or other failure to perform its obligations under the Contract is the result of an event of Force Majeure.
- 32.2 For purposes of this Clause, “Force Majeure” means an event or situation beyond the control of the Supplier that is not foreseeable, is unavoidable, and its origin is not due to negligence or lack of care on the part of the Supplier. Such events may include, but not be limited to, acts of the Purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics, quarantine restrictions, and freight embargoes.

32.3 If a Force Majeure situation arises, the Supplier shall promptly notify the Purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the Purchaser in writing, the Supplier shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the Force Majeure event.

33. Change Orders and Contract Amendments

33.1 The Purchaser may at any time order the Supplier through notice in accordance GCC Clause 8, to make changes within the general scope of the Contract in any one or more of the following:

- (a) drawings, designs, or specifications, where Goods to be furnished under the Contract are to be specifically manufactured for the Purchaser;
- (b) the method of shipment or packing;
- (c) the place of delivery; and
- (d) the Related Services to be provided by the Supplier.

33.2 If any such change causes an increase or decrease in the cost of, or the time required for, the Supplier's performance of any provisions under the Contract, an equitable adjustment shall be made in the Contract Price or in the Delivery/Completion Schedule, or both, and the Contract shall accordingly be amended. Any claims by the Supplier for adjustment under this Clause must be asserted within twenty-eight (28) days from the date of the Supplier's receipt of the Purchaser's change order.

33.3 Prices to be charged by the Supplier for any Related Services that might be needed but which were not included in the Contract shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the Supplier for similar services.

33.4 **Value Engineering:** The Supplier may prepare, at its own cost, a value engineering proposal at any time during the performance of the contract. The value engineering proposal shall, at a minimum, include the following;

- (a) the proposed change(s), and a description of the difference to the existing contract requirements;
- (b) a full cost/benefit analysis of the proposed change(s) including a description and estimate of costs

The image shows a handwritten signature in blue ink and a circular blue stamp. The stamp contains the text: "ЕРАКО" (EPRACO) in the center, "ДОО узбекистон" (LLC Uzbekistan) below it, and "Велест" (Velest) at the bottom. The outer ring of the stamp contains the text "Директор по производству, торговле и услугам" (Director of Production, Trade and Services).

(including life cycle costs) the Purchaser may incur in implementing the value engineering proposal; and

- (c) a description of any effect(s) of the change on performance/functionality.

The Purchaser may accept the value engineering proposal if the proposal demonstrates benefits that:

- (a) accelerates the delivery period; or
- (b) reduces the Contract Price or the life cycle costs to the Purchaser; or
- (c) improves the quality, efficiency or sustainability of the Goods; or
- (d) yields any other benefits to the Purchaser,

without compromising the necessary functions of the Facilities.

If the value engineering proposal is approved by the Purchaser and results in:

- (a) a reduction of the Contract Price; the amount to be paid to the Supplier shall be the percentage specified **in the PCC** of the reduction in the Contract Price; or
- (b) an increase in the Contract Price; but results in a reduction in life cycle costs due to any benefit described in (a) to (d) above, the amount to be paid to the Supplier shall be the full increase in the Contract Price.

33.5 Subject to the above, no variation in or modification of the terms of the Contract shall be made except by written amendment signed by the parties.

34. Extensions of Time

34.1 If at any time during performance of the Contract, the Supplier or its subcontractors should encounter conditions impeding timely delivery of the Goods or completion of Related Services pursuant to GCC Clause 13, the Supplier shall promptly notify the Purchaser in writing of the delay, its likely duration, and its cause. As soon as practicable after receipt of the Supplier's notice, the Purchaser shall evaluate the situation and may at its discretion extend the Supplier's time for performance, in which case the extension shall be ratified by the parties by amendment of the Contract.

34.2 Except in case of Force Majeure, as provided under GCC Clause 32, a delay by the Supplier in the performance of its Delivery and Completion obligations shall render the Supplier liable to the imposition of liquidated damages pursuant to GCC Clause 26, unless an extension of time is agreed upon, pursuant to GCC Sub-Clause 34.1.

35. Termination

35.1 Termination for Default

- (a) The Purchaser, without prejudice to any other remedy for breach of Contract, by written notice of default sent to the Supplier, may terminate the Contract in whole or in part:
 - (i) if the Supplier fails to deliver any or all of the Goods within the period specified in the Contract, or within any extension thereof granted by the Purchaser pursuant to GCC Clause 34;
 - (ii) if the Supplier fails to perform any other obligation under the Contract; or
 - (iii) if the Supplier, in the judgment of the Purchaser has engaged in Fraud and Corruption, as defined in paragraph 2.2 a of the Appendix to the GCC, in competing for or in executing the Contract.
- (b) In the event the Purchaser terminates the Contract in whole or in part, pursuant to GCC Clause 35.1(a), the Purchaser may procure, upon such terms and in such manner as it deems appropriate, Goods or Related Services similar to those undelivered or not performed, and the Supplier shall be liable to the Purchaser for any additional costs for such similar Goods or Related Services. However, the Supplier shall continue performance of the Contract to the extent not terminated.

35.2 Termination for Insolvency.

- (a) The Purchaser may at any time terminate the Contract by giving notice to the Supplier if the Supplier becomes bankrupt or otherwise insolvent. In such event, termination will be without compensation to the Supplier, provided that such termination will not prejudice or affect any right of action or remedy that has accrued or will accrue thereafter to the Purchaser

35.3 Termination for Convenience.

The image shows a handwritten signature in blue ink over a circular blue stamp. The stamp contains the text: "ДРУШТВО ЗА ПРОИЗВОДСТВО, ТРГОВИЈА И УСЛУГИ" around the perimeter, "ЕРАКО" in the center, and "ДОО увоз-извоз Велес" below it.

- (a) The Purchaser, by notice sent to the Supplier, may terminate the Contract, in whole or in part, at any time for its convenience. The notice of termination shall specify that termination is for the Purchaser's convenience, the extent to which performance of the Supplier under the Contract is terminated, and the date upon which such termination becomes effective.
- (b) The Goods that are complete and ready for shipment within twenty-eight (28) days after the Supplier's receipt of notice of termination shall be accepted by the Purchaser at the Contract terms and prices. For the remaining Goods, the Purchaser may elect:
 - (i) to have any portion completed and delivered at the Contract terms and prices; and/or
 - (ii) to cancel the remainder and pay to the Supplier an agreed amount for partially completed Goods and Related Services and for materials and parts previously procured by the Supplier.

36. Assignment

36.1 Neither the Purchaser nor the Supplier shall assign, in whole or in part, their obligations under this Contract, except with prior written consent of the other party.

**37. Export
Restriction**

37.1 Notwithstanding any obligation under the Contract to complete all export formalities, any export restrictions attributable to the Purchaser, to the country of the Purchaser, or to the use of the products/goods, systems or services to be supplied, which arise from trade regulations from a country supplying those products/goods, systems or services, and which substantially impede the Supplier from meeting its obligations under the Contract, shall release the Supplier from the obligation to provide deliveries or services, always provided, however, that the Supplier can demonstrate to the satisfaction of the Purchaser and of the Bank that it has completed all formalities in a timely manner, including applying for permits, authorizations and licenses necessary for the export of the products/goods, systems or services under the terms of the Contract. Termination of the Contract on this basis shall be for the Purchaser's convenience pursuant to Sub-Clause 35.3.

APPENDIX TO GENERAL CONDITIONS

Fraud and Corruption

1. Purpose

1.1 The Bank's Anti-Corruption Guidelines and this annex apply with respect to procurement under Bank Investment Project Financing operations.

2. Requirements

2.1 The Bank requires that Borrowers (including beneficiaries of Bank financing); bidders (applicants/proposers), consultants, contractors and suppliers; any sub-contractors, sub-consultants, service providers or suppliers; any agents (whether declared or not); and any of their personnel, observe the highest standard of ethics during the procurement process, selection and contract execution of Bank-financed contracts, and refrain from Fraud and Corruption.

2.2 To this end, the Bank:

a. Defines, for the purposes of this provision, the terms set forth below as follows:

- i. "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;
- ii. "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation;
- iii. "collusive practice" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
- iv. "coercive practice" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
- v. "obstructive practice" is:
 - (a) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or
 - (b) acts intended to materially impede the exercise of the Bank's inspection and audit rights provided for under paragraph 2.2 e. below.

- b. Rejects a proposal for award if the Bank determines that the firm or individual recommended for award, any of its personnel, or its agents, or its sub-consultants, sub-contractors, service providers, suppliers and/ or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;
- c. In addition to the legal remedies set out in the relevant Legal Agreement, may take other appropriate actions, including declaring misprocurement, if the Bank determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the loan engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the procurement process, selection and/or execution of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner at the time they knew of the practices;
- d. Pursuant to the Bank's Anti- Corruption Guidelines and in accordance with the Bank's prevailing sanctions policies and procedures, may sanction a firm or individual, either indefinitely or for a stated period of time, including by publicly declaring such firm or individual ineligible (i) to be awarded or otherwise benefit from a Bank-financed contract, financially or in any other manner;¹ (ii) to be a nominated² sub-contractor, consultant, manufacturer or supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract; and (iii) to receive the proceeds of any loan made by the Bank or otherwise to participate further in the preparation or implementation of any Bank-financed project;
- e. Requires that a clause be included in bidding/request for proposals documents and in contracts financed by a Bank loan, requiring (i) bidders (applicants/proposers), consultants, contractors, and suppliers, and their sub-contractors, sub-consultants, service providers, suppliers, agents personnel, permit the Bank to inspect³ all accounts, records and other documents relating to the procurement process, selection and/or contract execution, and to have them audited by auditors appointed by the Bank.

¹ For the avoidance of doubt, a sanctioned party's ineligibility to be awarded a contract shall include, without limitation, (i) applying for pre-qualification, expressing interest in a consultancy, and bidding, either directly or as a nominated sub-contractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider, in respect of such contract, and (ii) entering into an addendum or amendment introducing a material modification to any existing contract.

² A nominated sub-contractor, nominated consultant, nominated manufacturer or supplier, or nominated service provider (different names are used depending on the particular bidding document) is one which has been: (i) included by the bidder in its pre-qualification application or bid because it brings specific and critical experience and know-how that allow the bidder to meet the qualification requirements for the particular bid; or (ii) appointed by the Borrower.

³ Inspections in this context usually are investigative (i.e., forensic) in nature. They involve fact-finding activities undertaken by the Bank or persons appointed by the Bank to address specific matters related to investigations/audits, such as evaluating the veracity of an allegation of possible Fraud and Corruption, through the appropriate mechanisms. Such activity includes but is not limited to: accessing and examining a firm's or individual's financial records and information, and making copies thereof as relevant; accessing and examining any other documents, data and information (whether in hard copy or electronic format) deemed relevant for the investigation/audit, and making copies thereof as relevant; interviewing staff and other relevant individuals; performing physical inspections and site visits; and obtaining third party verification of information.

Section IX - Special Conditions of Contract

The following Special Conditions of Contract (SCC) shall supplement and / or amend the General Conditions of Contract (GCC). Whenever there is a conflict, the provisions herein shall prevail over those in the GCC.

GCC 1.1(i)	The Purchaser's Country is: Republic of North Macedonia
GCC 1.1(j)	The Purchaser is: Ministry of Labour and Social Policy (MLSP)
GCC 1.1 (o)	The Project Site(s)/Final Destination(s) is/are: As given in the Table 1 "List of Goods and Delivery Schedule", of the "Schedule of Requirements"
GCC 4.2 (a)	The meaning of the trade terms shall be as prescribed by Incoterms. If the meaning of any trade term and the rights and obligations of the parties there under shall not be as prescribed by Incoterms, they shall be as prescribed by: n/a
GCC 4.2 (b)	The version edition of Incoterms shall be 2020
GCC 5.1	The language shall be: English
GCC 8.1	For notices , the Purchaser's address shall be: Attention: xxx Telephone: xxxx Electronic mail address: xxxx
GCC 9.1	The governing law shall be the law of: Republic of North Macedonia
GCC 10.2	The rules of procedure for arbitration proceedings pursuant to GCC Clause 10.2 shall be as follows: <i>(a) Contract with foreign Supplier:</i> Rules, the following sample clause should be inserted: GCC 10.2 (a)—Any dispute, controversy or claim arising out of or relating to this Contract, or breach, termination or invalidity

	<p>thereof, shall be settled by arbitration in accordance with the UNCITRAL Arbitration Rules as at present in force.</p> <p><i>(b) Contracts with Supplier national of the Purchaser's Country:</i></p> <p>In the case of a dispute between the Purchaser and a Supplier who is a national of the Purchaser's Country, the dispute shall be referred to adjudication or arbitration in accordance with the laws of the Purchaser's Country.</p>
GCC 13.1	<p>Details of Shipping and other Documents to be furnished by the Supplier are</p> <p>(i) Two copies of the Supplier's invoice showing Goods' description, quantity, unit price, and total amount;</p> <p>(ii) One original and two copies of the Supplier's Warranty Certificate;</p> <p>The above documents shall be received by the Purchaser before arrival of the Goods and, if not received, the Supplier will be responsible for any consequent expenses.</p>
GCC 15.1	<p>The prices charged for the Goods supplied and the related Services performed "shall not" be adjustable.</p>
GCC 16.1	<p>Payment for Goods and Services supplied from within the Purchaser's Country shall be made in _____ [currency], as follows:</p> <p>(i) Advance Payment: Ten (10) percent of the Contract Price shall be paid within thirty (30) days of signing of the Contract against a simple receipt and a bank guarantee for the equivalent amount and in the form provided in the bidding document or another form acceptable to the Purchaser.</p> <p>(ii) On Delivery and acceptance: Ninety (90) percent of the Contract Price shall be paid in installments on receipt of the Goods and upon submission of the documents specified in GCC Clause 13 and within thirty (30) days after the date of the acceptance certificate for the respective delivery issued by the Purchaser..</p>

GCC 16.5	<p>The payment-delay period after which the Purchaser shall pay interest to the supplier shall be 60 days.</p> <p>The interest rate that shall be applied is 0.01%</p>

Notification of Intention to Award

[This Notification of Intention to Award shall be sent to each Bidder that submitted a Bid.]

[Send this Notification to the Bidder's Authorized Representative named in the Bidder Information Form]

For the attention of Bidder's Authorized Representative

Name: *[insert Authorized Representative's name]*

Address: *[insert Authorized Representative's Address]*

Telephone/Fax numbers: *[insert Authorized Representative's telephone/fax numbers]*

Email Address: *[insert Authorized Representative's email address]*

[IMPORTANT: insert the date that this Notification is transmitted to Bidders. The Notification must be sent to all Bidders simultaneously. This means on the same date and as close to the same time as possible.]

DATE OF TRANSMISSION: This Notification is sent by: *[email/fax]* on *[date]* (local time)

Notification of Intention to Award

Purchaser: *[insert the name of the Purchaser]*

Project: *[insert name of project]*

Contract title: *[insert the name of the contract]*

Country: *[insert country where RFB is issued]*

Loan No. /Credit No. / Grant No.: *[insert reference number for loan/credit/grant]*

RFB No: *[insert RFB reference number from Procurement Plan]*

This Notification of Intention to Award (Notification) notifies you of our decision to award the above contract. The transmission of this Notification begins the Standstill Period. During the Standstill Period you may:

- a) request a debriefing in relation to the evaluation of your Bid, and/or
- b) submit a Procurement-related Complaint in relation to the decision to award the contract.

1. The successful Bidder

Name:	<i>[insert name of successful Bidder]</i>
Address:	<i>[insert address of the successful Bidder]</i>
Contract price:	<i>[insert contract price of the successful Bid]</i>

The image shows a handwritten signature in blue ink and a circular blue stamp. The stamp contains the text: "МІНІСТАРСТВА ПРАМІСЛАВА, ТРЭГОВЛІ І АНІМАЦЫІ РЭСПУБЛІКІ БЕЛАРУСЬ" (Ministry of Industry and Trade of the Republic of Belarus) and "ГЛАВА ДОКУМЕНТА" (Head of Document) with the word "Велес" (Belarus) at the bottom.

2. Other Bidders *[INSTRUCTIONS: insert names of all Bidders that submitted a Bid. If the Bid's price was evaluated include the evaluated price as well as the Bid price as read out.]*

Name of Bidder	Bid price	Evaluated Bid price (if applicable)
[insert name]	[insert Bid price]	[insert evaluated price]
[insert name]	[insert Bid price]	[insert evaluated price]
[insert name]	[insert Bid price]	[insert evaluated price]
[insert name]	[insert Bid price]	[insert evaluated price]
[insert name]	[insert Bid price]	[insert evaluated price]

3. Reason/s why your Bid was unsuccessful

[INSTRUCTIONS: State the reason/s why this Bidder's Bid was unsuccessful. Do NOT include: (a) a point by point comparison with another Bidder's Bid or (b) information that is marked confidential by the Bidder in its Bid.]

4. How to request a debriefing

DEADLINE: The deadline to request a debriefing expires at midnight on [insert date] (local time).

You may request a debriefing in relation to the results of the evaluation of your Bid. If you decide to request a debriefing your written request must be made within two (2) Business Days of receipt of this Notification of Intention to Award.

Provide the contract name, reference number, name of the Bidder, contact details; and address the request for debriefing as follows:

Attention: [insert full name of person, if applicable]

Title/position: [insert title/position]

Agency: [insert name of Purchaser]

Email address: [insert email address]

Fax number: [insert fax number] *delete if not used*

If your request for a debriefing is received within the 2 Business Days deadline, we will provide the debriefing within three (3) Business Days of receipt of your request. If we are unable to provide the debriefing within this period, the Standstill Period shall be extended by three (3) Business Days after the date that the debriefing is provided. If this happens, we will notify you and confirm the date that the extended Standstill Period will end.

The image shows a handwritten signature in blue ink over a circular official stamp. The stamp is blue and contains the text: "ՀԱՅԱՍՏԱՆԻ ՀԱՆՐԱՊԵՏՈՒԹՅԱՆ ԲԱՐՈՑՈՒՄ ԵՎ ԿՈՆԿՐԵՏԻ ՎԵՐՈՒՄԻ ԿՐԹԱՆՈՒՄԻ ԿՐԹԱՆՈՒՄԻ ԿՐԹԱՆՈՒՄԻ" (Ministry of Defense of the Republic of Armenia) and "ԵՐԱՌՈՒ ԴՈՐ ԿՐԹԱՆՈՒՄԻ" (Yerevan). The word "Վերոգրված" (Above) is also visible.

The debriefing may be in writing, by phone, video conference call or in person. We shall promptly advise you in writing how the debriefing will take place and confirm the date and time.

If the deadline to request a debriefing has expired, you may still request a debriefing. In this case, we will provide the debriefing as soon as practicable, and normally no later than fifteen (15) Business Days from the date of publication of the Contract Award Notice.

5. How to make a complaint

Period: Procurement-related Complaint challenging the decision to award shall be submitted by midnight, [insert date] (local time).

Provide the contract name, reference number, name of the Bidder, contact details; and address the Procurement-related Complaint as follows:

Attention: [insert full name of person, if applicable]

Title/position: [insert title/position]

Agency: [insert name of Purchaser]

Email address: [insert email address]

Fax number: [insert fax number] *delete if not used*

At this point in the procurement process, you may submit a Procurement-related Complaint challenging the decision to award the contract. You do not need to have requested, or received, a debriefing before making this complaint. Your complaint must be submitted within the Standstill Period and received by us before the Standstill Period ends.

Further information:

For more information see the Procurement Regulations for IPF Borrowers (Procurement Regulations) [<https://policies.worldbank.org/sites/ppf3/PPFDocuments/Forms/DispPage.aspx?docid=4005>] (Annex III). You should read these provisions before preparing and submitting your complaint. In addition, the World Bank's Guidance "How to make a Procurement-related Complaint" [<http://www.worldbank.org/en/projects-operations/products-and-services/brief/procurement-new-framework#framework>] provides a useful explanation of the process, as well as a sample letter of complaint.

In summary, there are four essential requirements:

1. You must be an 'interested party'. In this case, that means a Bidder who submitted a Bid in this bidding process, and is the recipient of a Notification of Intention to Award.
2. The complaint can only challenge the decision to award the contract.
3. You must submit the complaint within the period stated above.

The image shows a handwritten signature in blue ink over a circular official stamp. The stamp contains the text 'PROCUREMENT DEPARTMENT' and 'WORLD BANK' in English, with corresponding text in Cyrillic script. The stamp also includes the date '2007/08/21' and the name 'Benev'.

4. You must include, in your complaint, all of the information required by the Procurement Regulations (as described in Annex III).

6. Standstill Period

DEADLINE: The Standstill Period is due to end at midnight on [insert date] (local time).

The Standstill Period lasts five (5) Business Days after the date of transmission of this Notification of Intention to Award.

The Standstill Period may be extended as stated in Section 4 above.

If you have any questions regarding this Notification please do not hesitate to contact us.

On behalf of the Purchaser:

Name: _____

Title/position: _____

Telephone: _____

Email: _____

The image shows a handwritten signature in blue ink over a circular official stamp. The stamp is blue and contains the text: "РЕПУБЛИКА СРБИЈА" (Republic of Serbia) at the top, "ТРОЈУГОЉНИ СУДСКИ ТРИБУНАЛ ЗА ПРОЦЕДУРУ ЗА ПУКОВАНЈЕ" (Tripartite Judicial Tribunal for Procurement) around the perimeter, and "Београд" (Belgrade) at the bottom.

Beneficial Ownership Disclosure Form

INSTRUCTIONS TO BIDDERS: DELETE THIS BOX ONCE YOU HAVE COMPLETED THE FORM

This Beneficial Ownership Disclosure Form ("Form") is to be completed by the successful Bidder. In case of joint venture, the Bidder must submit a separate Form for each member. The beneficial ownership information to be submitted in this Form shall be current as of the date of its submission.

For the purposes of this Form, a Beneficial Owner of a Bidder is any natural person who ultimately owns or controls the Bidder by meeting one or more of the following conditions:

- *directly or indirectly holding 25% or more of the shares*
- *directly or indirectly holding 25% or more of the voting rights*
- *directly or indirectly having the right to appoint a majority of the board of directors or equivalent governing body of the Bidder*

RFB No.: *[insert number of RFB process]*

Request for Bid No.: *[insert identification]*

To: *[insert complete name of Purchaser]*

In response to your request in the Letter of Acceptance dated *[insert date of letter of Acceptance]* to furnish additional information on beneficial ownership: *[select one option as applicable and delete the options that are not applicable]*

(i) we hereby provide the following beneficial ownership information.

Details of beneficial ownership

Identity of Beneficial Owner	Directly or indirectly holding 25% or more of the shares (Yes / No)	Directly or indirectly holding 25 % or more of the Voting Rights (Yes / No)	Directly or indirectly having the right to appoint a majority of the board of the directors or an equivalent governing body of the Bidder (Yes / No)
<i>[include full name (last, middle, first),</i>			

<i>nationality, country of residence]</i>			
---	--	--	--

OR

(ii) *We declare that there is no Beneficial Owner meeting one or more of the following conditions:*

- directly or indirectly holding 25% or more of the shares
- directly or indirectly holding 25% or more of the voting rights
- directly or indirectly having the right to appoint a majority of the board of directors or equivalent governing body of the Bidder

OR

(iii) *We declare that we are unable to identify any Beneficial Owner meeting one or more of the following conditions. [If this option is selected, the Bidder shall provide explanation on why it is unable to identify any Beneficial Owner]*

- directly or indirectly holding 25% or more of the shares
- directly or indirectly holding 25% or more of the voting rights
- directly or indirectly having the right to appoint a majority of the board of directors or equivalent governing body of the Bidder”

Name of the Bidder: **[insert complete name of the Bidder]* _____

Name of the person duly authorized to sign the Bid on behalf of the Bidder: ***[insert complete name of person duly authorized to sign the Bid]* _____

Title of the person signing the Bid: *[insert complete title of the person signing the Bid]* _____

Signature of the person named above: *[insert signature of person whose name and capacity are shown above]* _____

Date signed *[insert date of signing]* **day of** *[insert month]*, *[insert year]* _____

* In the case of the Bid submitted by a Joint Venture specify the name of the Joint Venture as Bidder. In the event that the Bidder is a joint venture, each reference to “Bidder” in the Beneficial Ownership Disclosure Form (including this Introduction thereto) shall be read to refer to the joint venture member.

** Person signing the Bid shall have the power of attorney given by the Bidder. The power of attorney shall be attached with the Bid Schedules.

Letter of Acceptance

[use letterhead paper of the Purchaser]

[date]

To: *[name and address of the Supplier]*

Subject: *Notification of Award Contract No.*

This is to notify you that your Bid dated *[insert date]* for execution of the *[insert name of the contract and identification number, as given in the SCC]* for the Accepted Contract Amount of *[insert amount in numbers and words and name of currency]*, as corrected and modified in accordance with the Instructions to Bidders is hereby accepted by our Agency.

You are requested to furnish (i) the Performance Security within 28 days in accordance with the Conditions of Contract, using for that purpose one of the Performance Security Forms and (ii) the additional information on beneficial ownership in accordance with BDS ITB 45.1 within eight (8) Business days using the Beneficial Ownership Disclosure Form, included in Section X, - Contract Forms, of the Bidding Document.

Performance Security

Bank Guarantee

[The bank, as requested by the successful Bidder, shall fill in this form in accordance with the instructions indicated]

[Guarantor letterhead or SWIFT identifier code]

Beneficiary: *[insert name and Address of Purchaser]*

Date: *_ [Insert date of issue]*

PERFORMANCE GUARANTEE No.: *[Insert guarantee reference number]*

Guarantor:*[Insert name and address of place of issue, unless indicated in the letterhead]*

We have been informed that *_ [insert name of Supplier, which in the case of a joint venture shall be the name of the joint venture]* (hereinafter called "the Applicant") has entered into Contract No. *[insert reference number of the contract]* dated *[insert date]* with the Beneficiary, for the supply of *_ [insert name of contract and brief description of Goods and related Services]*(hereinafter called "the Contract").

Furthermore, we understand that, according to the conditions of the Contract, a performance guarantee is required.

At the request of the Applicant, we as Guarantor, hereby irrevocably undertake to pay the Beneficiary any sum or sums not exceeding in total an amount of *[insert amount in figures]* (*[insert amount in words]*),¹ such sum being payable in the types and proportions of currencies in which the Contract Price is payable, upon receipt by us of the Beneficiary's complying demand supported by the Beneficiary's statement, whether in the demand itself or in a separate signed document accompanying or identifying the demand, stating that the Applicant is in breach of its obligation(s) under the Contract, without the Beneficiary needing to prove or to show grounds for your demand or the sum specified therein.

This guarantee shall expire, no later than the Day of, 2...², and any demand for payment under it must be received by us at this office indicated above on or before that date.

¹ *The Guarantor shall insert an amount representing the percentage of the Accepted Contract Amount specified in the Letter of Acceptance, and denominated either in the currency (ies) of the Contract or a freely convertible currency acceptable to the Beneficiary.*

² *Insert the date twenty-eight days after the expected completion dates described in GC Clause 18.4. The Purchaser should note that in the event of an extension of this date for completion of the Contract, the Purchaser would need to request an extension of this guarantee from the Guarantor. Such request must be in writing and must be made prior to the expiration date established in the guarantee. In preparing this*

This guarantee is subject to the Uniform Rules for Demand Guarantees (URDG) 2010 Revision, ICC Publication No. 758, except that the supporting statement under Article 15(a) is hereby excluded.

[signature(s)]

Note: All italicized text (including footnotes) is for use in preparing this form and shall be deleted from the final product.

guarantee, the Purchaser might consider adding the following text to the form, at the end of the penultimate paragraph: "The Guarantor agrees to a one-time extension of this guarantee for a period not to exceed [six months] [one year], in response to the Beneficiary's written request for such extension, such request to be presented to the Guarantor before the expiry of the guarantee."

The image shows a handwritten signature in blue ink over a circular blue stamp. The stamp contains the text: "БРАНС ДОУ" (BRANS DOU) and "Велес" (Veles). The outer ring of the stamp contains the text "ДРУШТВО ЗА ПРОИЗВОДСТВО" (Društvo za proizvodstvo) and "ИЈАЏ" (IJAŽ).

Advance Payment Security Demand Guarantee

[Guarantor letterhead or SWIFT identifier code]

Beneficiary: *[Insert name and Address of Purchaser]*

Date: *[Insert date of issue]*

ADVANCE PAYMENT GUARANTEE No.: *[Insert guarantee reference number]*

Guarantor: *[Insert name and address of place of issue, unless indicated in the letterhead]*

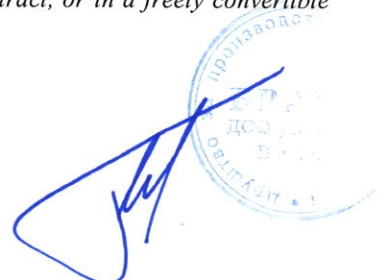

We have been informed that *[insert name of Supplier, which in the case of a joint venture shall be the name of the joint venture]* (hereinafter called "the Applicant") has entered into Contract No. *[insert reference number of the contract]* dated *[insert date]* with the Beneficiary, for the execution of *[insert name of contract and brief description of Goods and related Services]* (hereinafter called "the Contract").

Furthermore, we understand that, according to the conditions of the Contract, an advance payment in the sum *[insert amount in figures]* () *[insert amount in words]* is to be made against an advance payment guarantee.

At the request of the Applicant, we as Guarantor, hereby irrevocably undertake to pay the Beneficiary any sum or sums not exceeding in total an amount of *[insert amount in figures]* () *[insert amount in words]*¹ upon receipt by us of the Beneficiary's complying demand supported by the Beneficiary's statement, whether in the demand itself or in a separate signed document accompanying or identifying the demand, stating either that the Applicant:

- (a) has used the advance payment for purposes other than toward delivery of Goods;
- or

¹ The Guarantor shall insert an amount representing the amount of the advance payment and denominated either in the currency(ies) of the advance payment as specified in the Contract, or in a freely convertible currency acceptable to the Purchaser.

A handwritten signature in blue ink is written over a circular blue stamp. The stamp contains text in Cyrillic script, including "ИПЧ" and "ИСО".

- (b) has failed to repay the advance payment in accordance with the Contract conditions, specifying the amount which the Applicant has failed to repay.

A demand under this guarantee may be presented as from the presentation to the Guarantor of a certificate from the Beneficiary's bank stating that the advance payment referred to above has been credited to the Applicant on its account number *[insert number]* at *[insert name and address of Applicant's bank]*.

The maximum amount of this guarantee shall be progressively reduced by the amount of the advance payment repaid by the Applicant as specified in copies of interim statements or payment certificates which shall be presented to us. This guarantee shall expire, at the latest, upon our receipt of a copy of the interim payment certificate indicating that ninety (90) percent of the Accepted Contract Amount, has been certified for payment, or on the *[insert day]* day of *[insert month]*, 2 *[insert year]*, whichever is earlier. Consequently, any demand for payment under this guarantee must be received by us at this office on or before that date.

This guarantee is subject to the Uniform Rules for Demand Guarantees (URDG) 2010 Revision, ICC Publication No.758, except that the supporting statement under Article 15(a) is hereby excluded.

[signature(s)]

Note: All italicized text (including footnotes) is for use in preparing this form and shall be deleted from the final product.

A handwritten signature in blue ink is written over a circular blue stamp. The stamp contains text in a circular arrangement, including the word "COMMISSION" at the top and "1997" at the bottom. The signature is a stylized, cursive script.
